## ☐ What not to bring

- The less dancers bring the less that can get lost!

We ask that dancers **ONLY** bring backstage what is needed for performing or changing for a performance. All other items like street shoes, water bottles, personal items ect. need to be with you in the audience or left in the car. There is a water fountain for all to access when needed. The Heritage Center Does not allow food of any kind. Please leave any unnecessary technology at home. Vibe is not responsible for any missing or lost items.
