VOLUNTEERS:

We will need volunteers for the recital and dress rehearsal days for supervision, front of house, quick changes, props/rig loading and unloading. If you are willing to help out let us know when and what you'd be willing to help with in the google link below. Volunteering for a show means that you will likely be backstage and unable to view the show. A credit of $25 will be added to your account if you work one rehearsal AND one show slot. In studio rehearsals and parents who cannot volunteer for a show time will not be counted for credit.

IN THEATER DRESS REHEARSAL: June 12th, 13th, or 14th

What is an In theatre dress rehearsal?

This is a rehearsal to run tech notes, get used to the space, review spacing on stage and see the lighting and costume combinations. Sometimes adjustments are needed during the in-the theatre rehearsal once we see things in the actual space so attendance is extremely important. It gives our staff and students the opportunity to solve any cueing or blocking issues that may arise so we can make the show run as smoothly as possible.

Dress rehearsals are **not open to the public.** Parents are **not permitted backstage or in the theatre during dress rehearsal** unless they are scheduled volunteers.

This year, in theatre dress rehearsals will run slightly differently than in previous years. Instead of each show having its own separate dress rehearsal, we have allotted **pAll Classes a 10 minute time slot to clean spacing and review any issues that arise** during our theatre rehearsal days.

To help keep the rehearsal running smoothly and minimize waiting time for dancers, students will only need to be at the theatre **20 minutes (punctual) before their scheduled stage time. If you are not used to driving and parking downtown or if you're unsure of the location please give yourself extra time.**

The rehearsal schedule will list each dance with a **required arrival and dismissal window** rather than only the time the dance rehearses. **Parents should plan to stay at the theatre or nearby during this time frame, unless the dancer has many classes slotted within the same hour.**

For example: “Class Name – Required from __ to __ | On Stage __”

Dancers should arrive at the **start time listed** and leave once their rehearsal window has finished.

If a dancer has **multiple dances scheduled close together or within the same time frame**, they will stay at the theatre between dances. We will have a designated volunteer helping organize dancers backstage and pulling aside any students who need to remain for upcoming dances.

Where?

Grand Theatre: 608 1st St SW Calgary.

The Grand does not have its own parking lot so allow time to find parking. They have different options listed on their website on where to park.

Please note that make up is required to be able to see clear facial expressions on stage. Stage lights are bright and wash faces out. Blush, eye make up and lipstick or clear liner are particularly important for the stage and being able to see expressions. Thank you.

Any modifications need to be approved

The following are recommended brands and are not mandatory, but please do match these colours. All make-up should be smudge proof and waterproof no matter what to make sure we don't stain

costumes and silks. Make sure to test your lipstick on a napkin, nothing should come off even if you try.

4. Apply powder foundation to entire face except eyelids and blend in to neck
5. Apply eyeshadow.
    a. First entire eyelid in lighter nude colour up to eyebrows to lift brows
    b. Then apply the darkest colour in the crease of the eye and shape the eye. And slant should point up to create a happy line, straight across for more intense expression and downward to create a sad expression. For the most part our pieces are happy and uplifting so the upward slant towards the corner of the brow is generally the way to go.
    c. Use the mid coloured brown to colour the actual lid and floor the darker line, blend
    d. Use the lightest colour again to clean up the line between the crease and eyebrow and blend.
    e. Use a bit of light colour again in the corner of the eye to finish it off.
    f. If any eye shadow has fallen on cheeks blow it off and then re-powder cheeks
6. Apply red blush in a C shape moving from beside the eye down around the cheekbone.
7. Apply black eyeliner on top just above the eye lashes in a clean line. Extend just a couple mm's past the eye in a lift following the upward line of the eye shadow. Apply on the bottom a little thinner along the line of eye lashes using liquid eye liner in a pen or pot and brush form. Liquid eyeliner must be smudge proof and waterproof.
8. Apply black waterproof and smudge proof mascara before applying fake eyelashes
9. Apply fake eyelashes by taking them out, size them on your child's eye, cut them to fit, glue them, wait a few seconds for the glue to dry slightly then press them into the inner corner of the eye and carefully move outwards pressing them along the line of the lash. The corners are the most likely to come off so you may need to hold them a few seconds while it dries. Have your child keep her eyes closed the whole time. Repeat on the other side, don't try to glue both at the same time. *Students under 7 years old are not required to have fake eyelashes, but must have eyeliner and mascara to make up for the lack so we can still see their eyes on stage (some parents of littles say fake eyelashes are easier than mascara and if that's the case for you, then fake eyelashes are fine).*

10. Apply firetruck red smudge proof, waterproof lipliner to define lip shape, then firetruck lipstick last please use a smudge proof waterproof lipstick. We recommend lipsense Blu-red. But you

may also use a 2 step 24 hour colorstay. Anything less is not acceptable as lipstick will not come out of costumes or silks. You should be able to kiss a cloth and have absolutely nothing come off and your lipstick looks the same.

11. Spray setting spray with eyes closed and keep eyes closed until dry

Masculine identifying option:

Hair - Side Part Cleanly gelled

Make up

1. Wash face & moisturize.
2. Apply cover-up where necessary
3. Apply liquid foundation matching dancers skin tone to entire face and blend to neck including eyelids.
4. Apply powder foundation to entire face except eye kids and blend in to neck
5. Apply red blush in a C shape moving from beside the eye down around the cheekbone
6. Apply Eye shadow - white or light neutral colour to the whole lid.
7. Apply black eyeliner on top just above the eye lashes in a clean line. Apply white or light liner on the bottom a little thinner along the line of eye lashes using liquid eye liner in a pen or pot and brush form. Liquid eyeliner must be smudge proof and waterproof.

8. Apply black waterproof and smudge proof mascara
9. Apply dark neutral lip liner around lips and blend inwards.
