PRE-REGISTRATION

Pre-registration will be offered again at Generations for the 2024-25 season! Be on the lookout for details very soon! Pre-registration offers several benefits including the first opportunity to choose classes, entrance into a drawing for one free class for a year, a guarantee of the current class prices, and more! If you prefer to decide later, we will still be accepting regular registrations until the start of the next season. We look forward to working with your children next season!

DID YOU KNOW WE OFFER PRESCHOOL?!

At Generations, we are abundantly proud of our staff and the environment we have created for growing children. In pursuit of safe, nurturing, and exciting learning environments, we have spent a few years building our own preschool- On The Move. One of our own instructors, Jade Green, is in charge of this program. Jade, who graduated from Otterbein with a degree in Early Childhood Development, has spent the past several years building a strong curriculum geared towards active kids. The students learn their basics while participating in movement based activities. Several Generations families have taken part in this program as an early preschool option. We encourage you to call (614-943-5940) or email (onthemovepreschool@gmail.com) to learn more about this special opportunity!
