

ARK & COVENANT: REHEARSAL SCHEDULE

FOR CHARACTER ROLES

*NOTES: If a dancer is in a scene, but their conflict calendar indicates that they are not available, their name appears on that rehearsal in [brackets]. If your conflict changes and you do become available (for all or a portion), please let us know and come to the rehearsal! Dancers who miss any scheduled rehearsal (whether their conflict was known or not) are responsible for making a plan with another dancer in the scene, preferably their counterpart in another cast, to learn the choreography as best as possible PRIOR to the next scheduled rehearsal for that scene.

*****POSSIBLE ADDITIONAL REHEARSAL**

12:00 - 3:00 pm

****Possible rehearsal time?*** Because of the holiday, this date was marked unanimously available (only two "Not Ideal" and no "Unavailable" - which happened zero other times until dress rehearsals). Even though we still have regular classes that day, I'd really like to take advantage of that and possibly have another rehearsal during the break between morning classes and afternoon ones, if everyone is available then, too, especially for one of three scenes that I'm worried will get minimal rehearsal time otherwise: Inside the Ark, Noah's Family is Different, or Meet Noah and Family. Please let me know if you would be available for this day/time if you are in one of these three scenes.*
