THE PARENT PORTAL

Everyone registered at Generations has access to a personal account where they can find announcements on the bulletin board/news and notes, review their fees, view class files like choreography videos and hair/makeup how to, and download important documents related to upcoming studio events. If you ever misplace a form, or realize that an important deadline is coming up, you can find what you need in the Shared Files section of the portal! You can also view all previous emails in the Bulletin Board section (in a browser) or News & Notes (in the app) for future reference. This is our way of making resources readily available to you, all in one place, so you have what you need when you need it!

DROP OFF & PICK-UP

During COVID, we refined our drop-off and pick-up process, and discovered that many of our students at Generations (even our youngest dancers) quickly gained the confidence to enter the building and find their classrooms independently after just a few weeks. To support this, each class has student assistants and assistant teachers who safely escort dancers to and from the building, allowing parents to drop off and pick up right at the front door (much like the school routine!). For families who prefer to stay on-site, we also provide a small waiting room upstairs, ideal for shorter class times. Our front desk is located in the same area and is staffed during evening classes and select daytime hours, ensuring that assistance is always close at hand.
