

Z-Guard

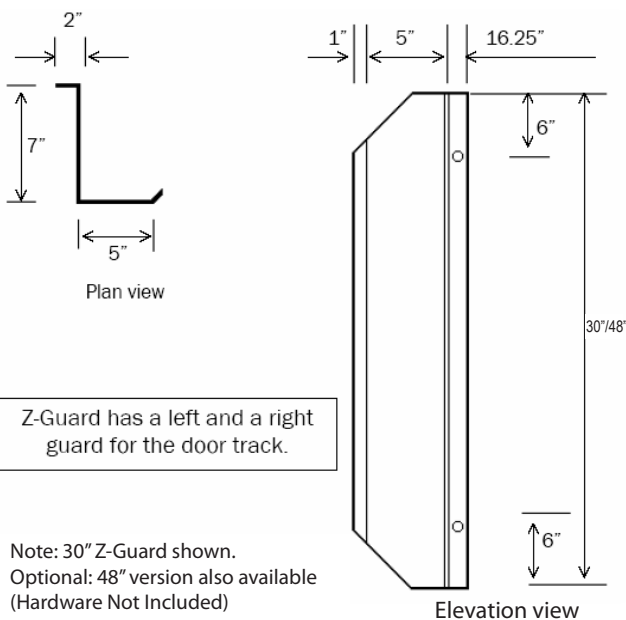

DOOR TRACK PROTECTION SPECIFICATION

Protect your overhead door tracks with the Z-Guard System. The system is powder coated safety yellow for high visibility and built with high quality and durability standards. This compact system takes up less of valuable floor space by eliminating the base plate. It also reduces interference from security systems and other dock door wiring.

Design Highlights

- A cost effective way to protect door tracks
- Keeps floor space unobstructed around the door opening
- Does not interfere with security wiring around the door opening
- Two sizes:
 - 30" high - Est. weight (pair): 42 lbs.
 - 48" high - Est. weight (pair): 80 lbs.
- APS Resource warrants this product will be free from defects in material and workmanship under normal use for (1) year
