Ever realize how thorough God's design of our world is? Everything we need for existence is within what He made. By research and development of materials found within this world, man has built infrastructure for civilization, discovered food sources and resources for live, found and refined substances that provide wealth, health and healing. Where did all this come from? Within creation.

God, in wisdom, knew what each phase of history would need and hid within the ordinary, extraordinary help. And that's just on the physical level. But since we are on the physical, I'm so grateful for the discovery of penicillin and its ability to stop the ravages of bacteria that make us sick or miserable. Montezuma no longer is taking his revenge on me!

But let's deepen the discussion...Peter said: *seeing that His divine power has granted to us everything pertaining to life and godliness, through the true knowledge of Him who called us by His own glory and excellence.* (2Pe 1:3)

When God designed our salvation, He included within it everything we'd ever need to be able to live a good and godly life. Nothing ever catches Him off-guard, unprepared, flat-footed. He's ready to deliver, heal, restore, replace, fill and complete. Whatever we need, He supplies. Everything leaves nothing out.

Our confidence is: God will supply all our needs. And even as complete as that is within His physical creation, how much more is it so within the plans He has for our lives!

Don't miss this Sunday when Doc Holliday will be presenting a worship concert before I share the morning message.

Pastor Cary
