Classroom Talk

Our preschool is underway and brimming with enthusiasm, love and laughter. HOORAY! The color of the month is red (on the calendar we will have color day marked, have your child wear that color on that day) the shape for the letters for the month are Cc, Dd, Ee, Ff & Gg

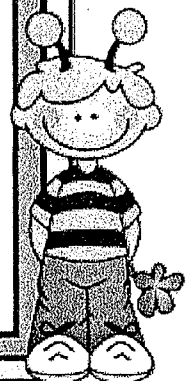

What's the 
BUZZ?

Take Note

Pre-K's focus is kindergarten readiness so we jump right into school mixing some fun in with the learning. We have started our letter books and will work on a different letter each week. We will be talking and learning about fall, apples and how trees will start to change colors. After all that we will cook for the first time this month.
