

First Pres PYC “COVID PLANS”

I NEED EMAILS!!

If you are the parent of a rising sixth grader, please email me to notify me of any contact info you have to give including email and phone number. This way I can guarantee you are included in our email lists.

Given our community’s current status battling Covid-19, we have modified our schedule to allow us to still meet together in fellowship while also keeping each other safe. This means that as of right now, we have decided to meet via Zoom until at least OCT 31st. We have planned one on site meeting during this time that is dependent on our situation at that time. We will re-evaluate our status in early-mid October and release more events as we move forward in this pandemic recovery process.
