

Hello members and friends of Clifton Springs United Methodist Church!

We're happy to let you know that starting July 26, 2020 we are offering a simplified option for viewing our live worship service.

First, access our website by clicking this link: <http://www.csumc.com> (If the link doesn't work, copy the address and paste it in the address bar of your browser.)

This is what our new website looks like. Under Links, you will see Live Worship. Clicking this will take you to our most recent online worship video. If the service is live at the time you click the Live Worship link, you will automatically join the live stream.

At the upper right of the page, you will see links to our website Home Page, Newsletters, and About Us pages. There is also a link to our Online Giving page, where you are free to make a donation to the church. You might want to do this during the Offertory portion of the service. These links open in a separate page and will not interfere with the video you are watching. You will also find on the right side of the page a section where you may type notes, look at the bible verse, or join a live chat while you watch. When the video is finished, you can then print your notes for later reference.

Enjoy!
