

Why are we different?

We love what we do!

We're **proactive** in all aspects of property management. From finding the best possible tenant to being on top of maintenance, we're always a step ahead.

We take our role very seriously and what we say is what we do - **transparency, integrity** and **honesty** are paramount.

Communication is the key to successful relationships. We keep you updated during the tenant selection process, reporting process and property maintenance. It's also our role to keep you abreast of changes in the market so that you can make informed decisions regarding your investment properties.

We bring you the latest **technology** and offer you access to an online

landlord portal giving you coverage to everything that happens with your investment including maintenance history, statements, invoices, tenancy information etc.

Peace of Mind - we will remove all the stress involved with owning investment properties. We handle all aspects of the day-to-day management of the properties from advertising, tenant selection, paying bills, leasing documentation, rent collection, organising maintenance just to name a few - making it easy and stress free.

We are all about delivering a **personalised** service to you where attention to detail is paramount - a service based on which you will be happy to refer and to remain our loyal customer for life.
