RENTAL REGULATIONS

Each community has their own set of policies and procedures for renting out your property. Here is a quick breakdown of the policies per community for short-term rentals in Truckee:

Martis Camp

Current: 30-day or longer leases only

Exception: 15 properties currently have approval to rent nightly

Future: The Master Plan includes adding more options allowing homeowners to rent their homes

Lahontan

No more than 1 short-term rental per 30 days

Schaffer's Mill

Schaffer's Mill has an on-site rental management service which allows renters to access all facilities, or outside rental services are allowed with renter restrictions; both options allow for 7-night minimum stays and 12 transactions per year

STR =

Short-Term Rental

A rental less than 30 days

Mountainside

Old Greenwood

Gray's Crossing

Northstar Village

Northstar Community

Short-term rentals are currently allowed in all of these communities without any restrictions

OFF-SETTING CARRYING COSTS

Calculating the rental revenue in Truckee is much more involved than simply adding up the Gross Rental Revenue, it's suggested you also take these costs into consideration:

DEBT SERVICING

Any financing obtained to secure the property requiring a monthly payment.

MANAGEMENT FEE

There are several rental services that range from self-service to full-service and all of them require a fee (3% - 50%) to participate in.

INSURANCE

Your home will require various forms of insurance including fire and general liability, as well as renters insurance if you plan to rent it out.

TAX

Add in your property tax, the Town of Truckee enforces a TOT and TBID Tax, and don't forget any additional luxury community taxes or fees like Mello Roos.

HOA DUES

Each community has different homeowners association dues for the wide range of amenities offered from \$100/month to \$2,500/month.

MEMBERSHIP DUES

All of Truckee's luxury communities have membership fees for exclusive access to golf courses, restaurants, ski lifts and more.

ADDITIONAL COSTS

Utilities, cleaning fees, snow removal, maintenance, etc.

RENTAL INCOME CALCULATOR

Use this sheet to estimate the annual rental income you would need in order to offset the carrying costs of your home:
