

Ileen Gladstone

Ileen Gladstone, PE, LSP, is a Vice President at GEI Consultants specialized in the assessment, cleanup and development of contaminated properties. Ms. Gladstone has more than twenty five years of experience in environmental engineering, site investigation and cleanup. As a Massachusetts Licensed Site Professional (LSP), she has successfully managed cleanup of sites during construction, and is a published expert in incorporating remediation into construction projects. As the lead environmental consultant on dozens of development projects, Ms. Gladstone has the perspective to work through complex issues effectively and in a way that supports the objectives of her clients by saving both time and money.

As a member of the Massachusetts DEP Waste Site Cleanup Program Advisory Committee, her “real world” perspective is applied to shaping the evolving policies that will apply a common-sense approach that allows business to thrive while protecting our region’s land and water resources. Ms. Gladstone also serves on the MA DEP Commissioner’s Fees and Advisory Committee. She served on the New England Women in Real Estate (NEWIRE) Steering Committee and the Women’s Environmental Network (WEN) Steering Committee.
