ECG Management Consultants Chosen As A Preferred Vendor For MassHealth DSRIP Technical Assistance Program

Boston, MA – October 1, 2018 – ECG Management Consultants announced today that it has been chosen as a preferred vendor for the MassHealth DSRIP Technical Assistance (TA) Program and TA Marketplace. The MassHealth TA Marketplace was created by MassHealth, the Commonwealth of Massachusetts' Medicaid and Children's Health Insurance Program, and contractor Abt Associates Inc. (Abt).

The TA Marketplace enables MassHealth Accountable Care Organizations (ACOs) and Community Partners (CPs) to easily navigate and tap into the array of resources and support available through the MassHealth DSRIP TA Program.

The program's services are broken into nine domains that reflect current TA priorities identified by MassHealth ACOs and CPs. As a preferred vendor, ECG will have the opportunity to partner with ACOs and CPs in seven domains.

- Actuarial and Financial
- Care Coordination/Integration
- Consumer Engagement
- Health Information Technology
- Performance Improvement
- Population Health Management
- Workforce

"We are proud to have been selected as a partner for organizations so critical to the fabric of healthcare in Massachusetts. We look forward to combining our experience in these domains with the skills and knowledge of our clients and to support the mission of the ACOs and CPs that are a part of this program," said Scott Cullen, MD, Principal with ECG.

ECG has a long history of working with Massachusetts healthcare providers and successfully supported organizations in determining which MassHealth model to pursue, implementing population health management solutions, and supporting performance improvement activities. With over 45 years of experience exclusively serving the healthcare industry, ECG's breadth and

depth of expertise uniquely positions it to serve healthcare organizations working to advance their payment and care delivery efforts.
