

PMI-1500PS

- Anodized aluminum case provides durability & max heat dissipation
- Pure Sine Wave Power Inverter
- Built-in Cooling Fan
- Three GFCI 3-Prong

Continued Power

1500W

Continued Power (15 Min)

1800W

Peak Load Power Rate

3000W

No Load Current Draw

< 1.6A

Total Harmonic Distortion

< 3%

Input DC Voltage Range

10.7-15V

Over voltage shutdown

over 15 VDC

Under voltage shutdown

under 10 VDC

AC Receptacle

Three GFCI 3-Prong

Thermal shutdown

Yes

Short circuit shutdown

Yes

Overload Protect

Yes

Weight

15 lbs

Dimensions (LxWxH) in

11.2 x 3.9 x 16.3 in.
