

Tu Mundo, 2e

Magdalena Andrade

©2019

ISBN: 0077735161

Detailed List of New Features

- Revised instructor annotations in the instructor edition now also available in an eBook format via Connect
- Revised Instructor's Manual, Instructor's Resource Kit, and PowerPoints
- A new preliminary chapter called Bienvenidos – with assignable related practice activities in Connect
- Decreased quantity of vocabulary using a high frequency theory and supporting active vocabulary with LearnSmart!
- New video segmentation into manageable chunks
- Changes to scope and sequence of grammar based on market feedback
- Renaming of chapter sections based on market feedback

Chapter by Chapter Changes

- First five chapters have been reorganized to allow for more spiraling and review of basic vocabulary and present tense.
- The Infórmate grammar presentation has been renamed Gramática to make its purpose clear to all users.
- Earlier introduction of numbers so that by Chapter 2 students can recognize and produce numbers up to 2000 and by Chapter 7 students can recognize and produce numbers in the millions.
- Direction lines for activities have been shortened.

- All activities are categorized into one of seventeen different types of activities that are now labeled as such in the corresponding IN. These categories are discussed in detail in the Instructor's Manual.
- All chapter readings have been rewritten and updated, making them more accessible to students.
- Vocabulario boxes added throughout text to guide students in communicative activities
