- Scheduling Outpatient Surgical Appointments

Clinical Skills Videos
- Administering Drugs by Mouth
- Apply Universal Precautions
- Aseptic Hand Washing
- Assisting with a General Physical Exam
- Assisting with a Gynecological Exam
- Assisting after Minor Surgical Procedures
- Caring for a Patient Who Is Vomiting

More exercises on back
### Clinical Skills Videos cont.
- Cleaning Minor Wounds
- Collecting a Clean-Catch Midstream Urine Specimen
- Communicating Effectively with Patients from Other Cultures and Meeting Their Needs for Privacy
- Controlling Bleeding
- Creating a Sterile Field
- Donning Sterile Gloves
- Drawing a Drug from an Ampule
- Giving an Intradermal Injection
- Giving a Intramuscular Injection
- Giving a Subcutaneous Injection
- Guidelines for Disinfecting Exam Room Surfaces
- Holter Monitoring
- Measuring Adults and Children
- Measuring Auditory Acuity
- Measuring Blood Glucose Using a Handheld Glucometer
- Measuring Forced Vital Capacity Using Spirometry
- Measuring Hematocrit Percentage after Centrifuge
- Measuring an Infant
- Measuring and Recording Pulse and Respirations
- Obtaining an ECG
- Obtaining, Measuring, and Recording Temperature
- Obtaining a Medical History
- Obtaining a Peak Expiratory Flow Rate
- Obtaining a Pulse Oximetry Reading
- Obtaining a Throat Culture Specimen
- Performing Cardiopulmonary Resuscitation (CPR)
- Performing Ear Irrigation
- Performing an Emergency Assessment
- Performing a Surgical Scrub
- Performing a Reagent Strip Test Video
- Performing Vision Screening Tests
- Positioning the Patient for an Exam
- Pregnancy Testing Using the EIA Method
- Preparing a Blood Smear Slide
- Quality Control Procedures for Blood Specimen Collection
- Reconstituting and Drawing a Drug for Injection
- Suture Removal
- Taking the Blood Pressure of Adults and Older Children
- Teaching a Patient How to Use Crutches
- Transferring a Patient in a Wheelchair and Preparing for an Exam
- Using Critical Thinking Skills During an Interview
- Using a Microscope
- Wrapping and Labeling Instruments for Sterilization in the Autoclave

### Body Animat3D Videos
- Acidosis
- Alkalosis
- Alzheimer’s Disease
- Asthma
- Basic Chemistry Organic Molecules
- BPH vs Prostate Cancer
- Breast Cancer
- Burns
- Cardiac Cycle
- Cell and Tissues
- COPD
- Concussion
- Coronary Artery Disease
- Food Absorption
- Fluid and Electrolyte Imbalances
- Heart Failure Overview
- Left-Side Heart Failure
- Right-Side Heart Failure
- Homeostasis
- Hypersensitivity
- Hypertension
- Hyperthyroidism
- Inflammation
- Lactose Intolerance
- Liver Failure
- Lymph and Lymph Node Circulation
- Medication Absorption
- Medication Distribution
- Medication Excretion
- Medication Metabolism
- Meiosis vs Mitosis
- Muscle Contraction
- Nerve Impulse
- Obesity
- Osteoarthritis vs. Rheumatoid Arthritis
- Osteoporosis
- Oxygen Transport and Gas Exchange
- Pharmacokinetics vs. Pharmacodynamics
- Protein Synthesis
- Renal Failure
- Respiratory Failure
- Respiratory Tract Infection
- Sensorineural Hearing Loss
- Stroke
- Spinal Cord Injury
- Type I Diabetes
- Wound Healing
