- **Nivel inicial**: one grade below
- **A nivel**: at grade level

Grades K–5

*SRA Open Court Reading* Foundational Skills Kits and Word Analysis Kits provide classroom-proven, systematic, explicit instruction to help students learn the basics of reading and writing and progress to reading and comprehending more complex texts.

For grades K-3, the *Foundational Skills Kits* include fundamental elements of instruction that reading research has shown are essential for teaching students to read. This easy-to-use program is carefully crafted to enable your students to decode and encode written language skills that become their basis not only for reading and writing fluency, but reading comprehension as well.

As students move on to grades 4-5, they bring the foundational skills they have mastered to a new level. In these grades, students transition from learning to read to reading to learn. They also move away from foundational skills to focus on word analysis and reading more complex texts.

**Coming Summer 2018 - Word Analysis Kits for grades 4-5!**
The kits you love for grades K-3 are expanding to grades 4-5.
