DO IT YOURSELF WITH create™

McGraw-Hill Education’s Create™ is a self-service website that allows you to create customized course materials using McGraw-Hill Education’s comprehensive, cross-disciplinary content. You can even access third party content such as readings, articles, cases, and more. Arrange the content you’ve selected to match the scope and sequence of your course. Personalize your book with a cover design and choose the best format for your students—ebook, color print, or black-and-white print. And, when you are done, you’ll receive a PDF review copy in just minutes!

Pre-Prepared Collections: Looking for a variety of content to unlock students’ potential within a given discipline or specialty? Browse through Create’s collections for just the right fit!

- Bring history to life with the Amazing Americans and Graphic Novels collections.
- Assist the struggling learner with the Supplemental Math collections for K-5 and 6-12.
- Start a student’s formative years off right with content from the Early Childhood, Leveled Readers, and Decodables collections.
- Engage young readers with the Jamestown Reading and Literature collections.
- Develop your own science curriculum and laboratory manual using the Science Labs and Science collections.
- Practice makes perfect when you develop content from the Reading & Language Arts and Spelling collections.

A POWERFUL, FLEXIBLE, DATA-DRIVEN INTERVENTION SYSTEM

Grades 3 and above in Tiers 2, 3 or 4

SRA FLEX Literacy™ is a comprehensive Reading and Language Arts intervention system that is built on the research-based gradual release” instructional model to reach students of various reading levels, even beginning readers.

Powerful Instruction
• Accelerates student growth using the best of computer-based and teacher-led instruction
• Motivates and engages students through multiple learning modalities

Flexible Implementation
• Integrates easily into any classroom with several implementation model options
• Adapts to the classroom environment with entry-level options and easy expansion opportunities

Data-Driven Learning
• Focuses on each student’s needs with informed instruction
• Uses robust data tools to capture student, classroom and school performance metrics that aid in planning and decision-making
SRA FLEX Literacy™ consists of the Elementary system for grades 3–5 and the Secondary system for grades 6 and above. Each system is based on the gradual release model of instruction, and delivers three Experiences:

- **The Digital Experience** presents individualized lessons that motivate students with sequential instruction, assessment, remediation and review opportunities.
- **The Print Experience** uses teacher-led, shared-reading exercises to teach comprehension strategies by combining systematic, explicit instruction with independent reading lessons and digital tools that differentiate students’ skills.
- **FLEXWorks Online Teacher Tool** provides lesson planning, classroom management and student progress reports to focus the instruction and seamlessly integrate the three Experiences. Multiple implementation models fit any classroom with affordable entry-level options and easy expansion opportunities.

READ TO ACHIEVE

Grades 6–12

Targets Struggling Adolescent Readers
The program offers two unique modules that develop comprehension strategies students need to succeed in science, social studies and English/Literature classes.

Comprehending Content-Area Text
Students study examples of content in popular science and social studies texts with teacher guidance that gradually decreases. In final units, students work with their textbooks.

Comprehending Narrative Text
Students develop comprehension strategies appropriate for fictional and nonfictional texts. The anthology provides examples of authentic nonfiction trade books.

SRA Early Interventions in Reading provides early intensive support to prevent reading difficulties before patterns of failure are established. The program builds mastery through explicit instruction in five critical strands—phonemic awareness, letter-sound correspondences, word recognition and spelling, fluency, and comprehension.

**Features**
- Targets instruction for phonemic awareness, print concepts and decoding
- Saves you prep time with integrated technology
- Offers vocabulary and concept instruction
- Includes the SRA 2Inform program which collects and interprets student data

**Benefits**
- Reading skills of at-risk students are positively affected.
- The gap between average performers and struggling readers is closed.
- Students sustain a higher level of achievement into Grades 2 and 3.
- Ninety eight percent of students learned to read within the normal range for Grade 1 students.

SRA READING SUCCESS

Grades 4–12

*SRA Reading Success* helps students learn essential comprehension skills and strategies.

**Features**
- Features direct, explicit teaching of comprehension skills and strategies
- Builds vocabulary skills by helping students derive meaning from context
- Adds to students’ general knowledge through a wide variety of content-rich text based on the Core Knowledge® Sequence
- Prepares students for the varied formats used to assess comprehension on high-stakes tests
- Requires only 25 minutes, three days per week, to see a dramatic improvement

**Benefits**
- *SRA Reading Success* is an ideal intervention for students who struggle with comprehension or achieve below expectations in content-area course work.
- The program focuses on comprehension skills that can be applied to any reading task, including main idea, author’s purpose, paraphrasing, summarizing, drawing inferences and using context to figure out word meanings.
- Suggested wording helps teachers explain all skills and processes in detail.
- Guided practice assists students as they learn to use the skill.
- A wide variety of passages and question types prepares students to transfer skills and processes to their core reading program and content-area textbooks.

**Includes**
*SRA Reading Success Teacher Materials*: Spiral-bound Teacher Book and Assessment Blackline Masters.

Grades Pre-K–8
Accelerate math success for struggling students with a comprehensive math prevention and intervention program.

Features
• Prepare students to meet rigorous Common Core Standards with a proven curriculum
• Engage students with projects, games, activities and digital resources
• Assess student achievement with dynamic digital assessment and reporting

Benefits
• Building Blocks™ Activities are adaptive, research-proven online activities designed to engage students and reinforce mathematical development.
• Digital manipulatives support reasoning skills and problem solving by allowing students to explore virtually while modeling math concepts.
• Online assessments and reports help teachers and administrators record and monitor student progress at the student, class and school level.
Prevention Levels (A–C) are designed to systematically teach students the foundational skills and concepts needed to succeed with math.

ONLINE PROGRESS MONITORING

ACCURATE PLACEMENT AND PRECISE REPORTING

Grades K–12

SRA 2Inform is an online progress monitoring system that allows Direct Instruction reading, math and language-arts teachers to track and instantly share student achievements.

- Uses color-coded snapshot views to identify students and groups who are not performing at a level of academic mastery
- Ensures academic progress by providing remediation instructions for individual students and classes
- Generates individual, group and district reports that track mastery, fluency rates, lesson progress and cumulative achievement
- Common Core alignment tracking keeps teachers focused on key goals.
- Administrator reporting allows school and district leaders to monitor student progress.

Available for the following programs

**Literacy and Language Arts:** Reading Mastery® Signature Edition; Corrective Reading; Language for Learning, Thinking, Writing; Read to Achieve; Early Interventions in Reading; and Intervenciones tempranas de la lectura.

**Math programs:** Connecting Math Concepts Comprehensive Edition; Essentials for Algebra; and Corrective Mathematics.

**SRA 2Inform Subscription Rates:**

ACHIEVE READING SUCCESS WITH PROVEN PROGRAM

Grades PreK–5

Your core replacement program solution for at-risk students in Tier 2 and Tier 3/4. Proven lesson instruction and additional tools assist with CCSS mastery by maximizing vocabulary acquisition, tracking lesson progress online and enhancing students’ comprehension with interactive whiteboard activities. Three strands—Reading, Language Arts, and Literature—can be implemented separately or combined to provide a comprehensive Reading/Language Arts curriculum.

• **The Reading Strand** addresses all five essential components of reading; helps students connect encoding and decoding; and develops comprehension skills that transfer to other subject areas

• **The Literature Strand** presents a variety of literary forms and text structures that allow students to practice vocabulary and comprehension strategies as a group and independently

• **The Language Arts Strand** teaches the language skills needed to understand what is written, read, and spoken while also preparing students to communicate effectively

• **Student Materials** include storybooks that are more than 95% decodable; workbooks with comprehension activities; and test books to measure student progress.

• **Teacher Materials** include presentation books with lesson plans for reading and spelling; and a curriculum-based assessment and fluency handbook to track student skill mastery.

• **Program Resources** includes Online Professional Learning Courses

• **The Literature Strand** includes theme-related trade books; a Read-Aloud Library of 30 books featuring quality narrative and expository text; and a Read-Aloud Teacher’s Edition that presents explicit lessons on vocabulary-building and comprehension exercises.

CORRECTIVE READING

Grades 3–12

Corrective Reading provides intensive instruction of critical skills and strategies to optimize learning for students whose reading difficulties place them one or more years behind their peers.

Features

• Provides the explicit, systematic teaching and intensive instructional support that struggling students need to close the achievement gap
• Offers in-depth support for teachers, with detailed lesson plans that orchestrate what to teach and how to teach it
• Engages problem readers with briskly paced lessons and special presentation techniques
• Uses placement tests to identify students’ point of entry into the program based on reading level and skill needs

Benefits

• Supported by independent research and proven in real schools and classrooms
• The new SRA 2Inform online program monitors student progress, tracks student proficiency and provides reports.

Foundational Skills Kits K–3 and Word Analysis Kits 4–5

Grades K–5

*SRA Open Court Reading* Foundational Skills Kits and *Word Analysis Kits* provide classroom-proven, systematic, explicit instruction to help students learn the basics of reading and writing and progress to reading and comprehending more complex texts.

For grades K-3, the *Foundational Skills Kits* include fundamental elements of instruction that reading research has shown are essential for teaching students to read. This easy-to-use program is carefully crafted to enable your students to decode and encode written language skills that become their basis not only for reading and writing fluency, but reading comprehension as well.

As students move on to grades 4-5, they bring the foundational skills they have mastered to a new level. In these grades, students transition from learning to read to reading to learn. They also move away from foundational skills to focus on word analysis and reading more complex texts.

**Coming Summer 2018 - Word Analysis Kits for grades 4-5!**
The kits you love for grades K-3 are expanding to grades 4-5.

SRA READING LABORATORY®

Grades 1–12

SRA Reading Laboratory helps students become fluent readers by matching their skill levels to color-coded, leveled reading and activity exercises.

• Provides color-coded charts that identify the Reading Laboratory most appropriate for each student’s needs.

For more information, go to srareadinglabs.com
Research shows that SRA Reading Labs help young students independently build reading comprehension skills.

- Offers high-interest, cross-curricular reading selections and skill builders
- Includes fiction and nonfiction passages in History, Sports, Science and Technology
- Features cards with reading selection, highlighted vocabulary, self-scoring and word study

Grades 4–6

SRA Reading Labs builds comprehension skills and reading speed through reading selections in a range of topics.

- Reinforces comprehension, phonics, grammar and word study skills
- Differentiates student learning in intervention classrooms
- Builds strong reading and comprehension skills

Grades 7-Adult

SRA Reading Labs 3A and 3B, build the reading skills of middle school and high school students

- Offers age-appropriate, engaging reading selections
- Develops vocabulary and reading comprehension skills
- Allows students to progress at their own pace
Amazing Americans is an engaging series of leveled biographies that bring history to life one story at a time.

Features

- Presents ten historical eras, with each era including five books at levels Q through U
- Includes a lesson plan with explicit reading instruction
- Profiles a diverse group of Americans in addition to the traditional heroes

Benefits

- Each full-color book brings history to life with a compelling narrative, photographs, time line, time capsule, historical trivia and more.
- Incorporating Amazing American tales into social studies lessons enriches students’ learning and increases their interest.

Includes

- Era Kits: 5 titles (6 copies ea.), Lesson Plans, Program Overview and storage box.
- Leveled Library Collection 1: 25 titles (1 copy ea.) of the Colonization and settlement era to Civil War and Reconstruction era.
- (Amazing Americans will only be available in CREATE so we will list the titles but delete the ISBNs/prices.)

Amazing Americans is now available on Create™! Build your own custom intervention print materials and eBooks quickly and affordably. Using this Intuitive Web-based tool, you can choose from an extensive library of quality cross-disciplinary content from McGraw-Hill as well as from reputable third-party sources.

CUSTOM SOLUTIONS

Craft Content to Match Your Vision

One size doesn’t fit all.
You need to deliver programs the way you want, better meet your students’ needs, and create compelling learning solutions to fit your budget.

Now, you can design custom educational solutions—classroom materials, books, digital solutions, and integrated program alternatives.

What Our Customers are Saying

"One of my greatest needs and desires has been fulfilled by the creation of a custom-bound Louisiana Fine Arts textbook. Not only does it cover the areas of fine arts textbook. Not only does it cover the areas of fine arts—it includes the connection of the arts to our everyday lives, and extends to architecture, photography, film and television, and video art. This comprehensive book is currently being used in classrooms across our Caddo district and around Louisiana."

- Henry E. Price, Supervisor of Art, Caddo Parish Public Schools, Shreveport, LA
