PREVENTION FOR ALL: Preventative Tier 1 Solutions

ESTABLISH A SOLID FOUNDATION OF LEARNING FOR STUDENTS AT ANY LEVEL

At Tier 1, tiered solutions provide research-validated core instruction that offers all students a rigorous academic, social, and emotional foundation to prevent achievement gaps BEFORE they occur.

Tiered solutions programs strengthen core curricula with:

- Differentiated instruction.
- Individualized instruction.
- Instruction in fundamental skills, such as phonics knowledge or number sense.

Some students may struggle to progress and will require additional Tier 2 supplemental intervention programs.

INTERVENTION FOR SOME: Targeted Tier 2 Solutions

GIVE STUDENTS THE SKILLS AND CONFIDENCE TO EXCEL

Students who require Tier 2 intervention have gaps in one or more essential concepts that make it more challenging for them to perform at grade level. The programs designed to address Tier 2 students are used in addition to core programs. They focus on the important skills students need to progress, thereby reducing the need for more intensive intervention.

Tier 2 instruction is typically given to small groups of students for 30 minutes per day. The lessons focus on the essential elements for the students’ grade level and are planned according to data from their assessments.

Students who continue to demonstrate a lack of progress in Tier 2 move to Tier 3 Intensive Instruction.

Tier 2: Targeted Supplemental Instruction and Intervention (Used in addition to core instruction)

Grades 6–12

Tailored to the more complex forms of literacy required in middle and high school, Read to Achieve is the first reading program to teach portable comprehension strategies that students can carry into their content area classes.
INTERVENTION FOR A FEW: Targeted Tier 3 Solutions

PROGRAMS FOR STUDENTS WHO NEED SPECIFIC, INTENSIVE INTERVENTION

Students who require Tier 3 intervention have demonstrated serious gaps in their achievement of benchmark standards. They cannot sustain academic progress at Tiers 1 and 2.

Bringing these students up to grade level requires intensive, explicit instruction that meets the needs of the individual student.

Grades K–5

*SRA Open Court Reading* Foundational Skills Kits and Word Analysis Kits provide classroom-proven, systematic, explicit instruction to help students learn the basics of reading and writing and progress to reading and comprehending more complex texts.

For grades K–3, the Foundational Skills Kits include fundamental elements of instruction that reading research has shown are essential for teaching students to read. As students move on to grades 4–5, they bring the foundational skills they have mastered to a new level. In these grades, students transition from learning to read to reading to learn. They also move away from foundational skills to focus on word analysis and reading more complex texts.

Reading Mastery

ACHIEVE READING SUCCESS WITH PROVEN PROGRAM

Grades K–5

Your core replacement program solution for at-risk students in Tier 2 and Tier 3/4. Proven lesson instruction and additional tools assist with CCSS mastery by maximizing vocabulary acquisition, tracking lesson progress online, and enhancing students’ comprehension with interactive whiteboard activities. Three strands—reading, language arts, and literature—can be implemented separately or combined to provide a comprehensive reading/language arts curriculum.

• The Reading Strand addresses all five essential components of reading; helps students connect encoding and decoding; and develops comprehension skills that transfer to other subject areas.

• The Literature Strand presents a variety of literary forms and text structures that allow students to practice vocabulary and comprehension strategies as a group and independently.

• The Language Arts Strand teaches the language skills needed to understand what is written, read, and spoken while also preparing students to communicate effectively.

• Student Materials include storybooks that are more than 95% decodable; workbooks with comprehension activities; and test books to measure student progress.

• Teacher Materials include presentation books with lesson plans for reading and spelling; and a curriculum-based assessment and fluency handbook to track student skill mastery.

• Program Resources includes Online Professional Learning Courses.

• The Literature Strand includes theme-related trade books; a Read-Aloud Library of 30 books featuring quality narrative and expository text; and a Read-Aloud Teacher’s Edition that presents explicit lessons on vocabulary-building and comprehension exercises.
