Reveal Math™, a complete K–12 core program, encourages students to explore, discover, collaborate and engage in rich tasks, mathematical discourse, and hands-on learning experiences to reveal the mathematics found all around them. The Reveal Math blended learning experience was designed to include purposeful print and digital components focused on sparking student curiosity and providing teachers with flexible implementation options.

Reveal Math™ Integrated III ©2020

I Can... use different methods, including algebra tiles, number lines, or the additive inverse, to subtract integers.

- Research-based best practices
- Rigor and access for all students
- Emphasis on conceptual understanding

- Interactive lessons
- Videos and animations
- Personalized adaptive practice

- Digital assessment options
- Tech-enhanced question types
- Reporting data dashboard

mheducation.com/prek-12
**Reveal Math™** is a coherent, rigorous core math solution that empowers educators to uncover the mathematician in every student through powerful explorations, rich mathematical discourse, and timely individualized learning opportunities.

**Teacher Resources**
With robust print, embedded digital tools, and technology resources, *Reveal Math* saves valuable planning time to allow you to focus on your students. Help each student develop problem solving and higher order thinking skills by providing the right content at the right time with the help of *Reveal Math*.

**Student Resources**
*Reveal Math* provides students with the opportunity to develop problem solving habits that will serve them as lifelong learners. As they dive into rich tasks, productively struggle with challenging problems, and gain confidence as they persevere toward solutions, students will find themselves developing into mathematical thinkers ready to demonstrate their knowledge and skills.

Reveal Math™ Accelerated

REVEAL THE FULL POTENTIAL IN EVERY STUDENT

Grade 7

*Reveal Math™ Accelerated* is the solution for educators preparing middle school students to take Algebra 1 in the 8th grade. Rich tasks, rigorous math content, and timely individualized learning opportunities help students develop mathematical habits leading to deep, conceptual understanding.

**Teacher Resources**

Robust print, embedded digital tools, and technology-based resources work together to maximize instructional time. *Reveal Math Accelerated* provides guided instructional prompts, supports the promotion of productive struggle and elevates targeted questioning to help shape student mathematical development and learning.

**Student Resources**

*Reveal Math Accelerated* provides students with the opportunity to develop the problem solving habits necessary for achievement in mathematics. Throughout the course, students discuss, collaborate, and learn to apply their own strategies to solve challenging problems, and make important mathematical connections.

ILLUSTRATIVE MATHEMATICS™

SUPPORTING THE ILLUSTRATIVE MATHEMATICS™ MISSION

McGraw-Hill
Illustrative Mathematics™

A 6–12 Math Curriculum

As an IM Certified™ Partner, McGraw-Hill is committed to providing the support needed to successfully implement Illustrative Mathematics™. A portion of every purchase is earmarked toward supporting the continued development of high-quality math curriculum.

Partnering with McGraw-Hill
• Personalized service and support from a local McGraw-Hill sales representative
• A team of curriculum specialists to support your implementation
• On-demand customer service to get help when you need it
• Spend less time printing and more time teaching with reliable delivery of print resources
• Spend less time printing and more time teaching with reliable delivery of print resources

Grades 9–12
Available for Implementation Autumn 2020
Creating a World Where Learners Know, Use, and Enjoy Mathematics

Decades of research shows that if students are given a chance to notice and wonder while trying to solve a problem by themselves, they retain procedural skills, develop problem-solving skills, build conceptual understanding, and form a mental framework for how ideas fit together. It allows students to develop strategies for tackling non-routine problems while engaging in productive struggle.

Illustrative Mathematics™ is a problem-based curriculum designed to address content and practice standards to foster learning for all. Students are encouraged to take an active role to see what they can figure out before having things explained to them or being told what to do.

EXCLUSIVE FEATURES

• Interactive reports to drive instruction
• Digitally available student activities
• Auto-scored practice problems for immediate feedback
• Engaging color print resources
• Improved layout of teacher materials
• Efficiency in instruction support
• Options to bundle with ALEKS® personalized learning*

*ALEKS is not IM certified.

REVEAL AGA™ has been purposefully designed to engage, motivate, and support all students. With a research-based instructional model at the foundation, Reveal AGA ensures learners build conceptual development in a variety of ways, leading toward mastery and success in the classroom and in future college and career opportunities.

Teacher Resources
With robust print, embedded digital tools, and technology resources, Reveal AGA saves valuable planning time to allow you to focus on your students. Help each student develop problem solving and higher order thinking skills by providing the right content at the right time with the help of Reveal AGA.

Reveal AGA provides students with the opportunity to develop and extend critical thinking skills into every area of learning. As they dive into rich tasks, productively struggle with challenging problems, and gain confidence as they persevere toward solutions, students will find themselves developing into confident problem solvers, able to justify and explain their thinking, and independently transfer what they have learned to any area of their lives.

#### Module

1. Relations and Functions
2. Linear Equations, Inequalities, and Systems
3. Quadratic Functions
4. Polynomials and Polynomial Functions
5. Polynomial Equations
6. Inverses and Radical Functions
7. Exponential Functions
8. Logarithmic Functions
9. Rational Functions
10. Inferential Statistics
11. Trigonometric Functions
12. Trigonometric Identities and Equations
Reveal Math™ Integrated is a curriculum designed to introduce students to active learning using rich tasks in print and digital to ensure every student makes important mathematical connections across Algebra and Geometry. Reveal Math Integrated merges Algebra and Geometry and builds a conceptual bridge connecting procedural skills and fluency with applications that challenge and engage students.

Teacher Resources
With robust print, embedded digital tools, and technology resources, Reveal Math Integrated saves valuable planning time to allow you to focus on your students. Help each student develop problem solving and higher order thinking skills by providing the right content at the right time with the help of Reveal Math Integrated.

Student Resources
Reveal Math Integrated provides students with the opportunity to develop and extend critical thinking skills into every area of learning. Engaging rich tasks, challenging problems with multiple access points, and opportunities to discuss and apply math concepts enable students to develop into effective and confident problem solvers, able to justify and explain their thinking, and make relevant connections across mathematical themes and other content areas.
## INTEGRATED I TABLE OF CONTENTS

### Module

1. Expressions
2. Equations in One Variable
3. Relations and Functions
4. Linear and Nonlinear Functions
5. Creating Linear Equations
6. Linear Inequalities
7. Systems of Linear Equations and Inequalities
8. Exponential Functions
9. Statistics
10. Tools of Geometry
11. Angles and Geometric Figures
12. Logical Arguments and Line Relationships
13. Transformations and Symmetry
14. Triangles and Congruence

---

GLENCOE PRECALCULUS

CONNECTING MATH CONTENT, RIGOR, AND ADAPTIVE INSTRUCTION FOR STUDENT SUCCESS!

Grades 11–12

Glencoe Precalculus is built on a foundation of rigorous content and integration of interactive resources to meet the needs of fourth-year mathematics classrooms.

- Incorporates flexible print, digital and interactive resources in one convenient location for access anytime from school or home.
- Connects real-world concepts and skills to demonstrate relevance to students
- Offers resources and strategies to assist teachers in tailoring instructions that meet the needs of all students
- Provides immediate visibility to student mastery and achievement with built-in, ongoing assessments and reporting

PRECALCULUS TABLE OF CONTENTS

**GENERAL STATISTICS**

*Elementary Statistics: A Step by Step Approach*

Tenth Edition © 2018
Bluman

**Perfect for Introductory Statistics**

For students whose mathematical background is limited to algebra, this is the quintessential general statistics text (not intended for AP® Statistics). *Elementary Statistics: A Step by Step Approach* follows a non-theoretical approach without formal proofs, explaining concepts intuitively and supporting them with abundant examples. Additional features:

- The text ensures relevancy and deepens conceptual understanding by offering real-life problems for students to solve with data projects, statistics today and critical thinking elements.
- ALEKS®360 can be paired with *Elementary Statistics: A Step by Step Approach* to help students master the course content via an individualized learning experience tailored to students’ unique strengths and weaknesses.

**ALEKS 360**

- 40-weeks ....................................... 978-0-07-679390-7 33.60

**Lead Students to Success**

The Miller Algebra Series offers an enlightened approach grounded in the fundamentals of classroom experience. The text communicates the main points teachers make in class to reinforce concepts and provide instruction that lead students to mastery.

Simplify Honors Algebra with the Miller Math Series

Prepare your students to meet the challenges of honors algebra with the new Miller Math Series from McGraw-Hill. Comprehensive, user-friendly, and flexible, this series features College Algebra, Precalculus, and College Algebra and Trigonometry textbooks, as well as robust digital solutions to fit the needs of your classroom. A variety of exercise sets and step-by-step worked examples help bolster student learning, while strategic callouts, like tip Boxes and Points of Interest, boost confidence. The Miller Math Series also includes modeling and applications that help students relate mathematical concepts to their everyday lives. With five types of graded exercises, like Concept Connections and Problem Recognition, the new Miller Math Series is your powerful, new companion for improving student performance in honors algebra.

DRIVEN BY ARTIFICIAL INTELLIGENCE, PERSONALIZED FOR EVERY STUDENT

Grades 3–12

Teach math the way students learn with ALEKS® — a truly personalized, data-driven instructional solution. ALEKS provides educators with a research-based, differentiated math curriculum that ensures success for every math student.

- **Introduce** online, individualized math learning and assessment for Grades 3–12 to identify gaps in student knowledge
- **Features** an adaptive learning environment with open-response questioning
- **Access** programs from home or school anytime via a web-based interface
- **Choose** bilingual courses in English and Spanish
- **Utilize** QuickTables, a math-fact mastery program for basic math skill practice and remediation
- **New ALEKS Insights tool** alerts instructors when students might be at risk of falling behind so that immediate action can be taken.

KEY TO . . . WORKBOOKS

GIVE YOUR STUDENTS THE KEY TO MATH MASTERY!

Grades 3–12

The Key To ... Workbooks are designed to motivate students and increase their confidence in math skills with self-paced workbooks that promote skill development remediation, review, or standardized test practice.

- **Uses** a step-by-step approach with simple language and clear visual models
- **Helps** students overcome obstacles and build skills by using clear, worked-out examples
- **Enables** flexibility in the classroom for basic skills development, remediation, review, and standardized test preparation
- **Saves** time by providing complete lessons so you avoid preparing worksheets or copying pages

The Key To ... series includes:

- **Key to Fractions®**: Covers basic concepts through mixed numbers with handwritten examples and one concept per page to encourage student confidence.
- **Key to Decimals®**: Begins with operations on decimals through uses of decimals in real-world situations such as sports, metrics, and pricing.
- **Key to Percents®**: Emphasizes mental computation and estimation skills with multiple applications.
- **Key to Measurement®**: Focuses on hands-on experiences, in group project and individual activities, while targeting the English system of measurement.
- **Key to Metric Measurement®**: Students learn to measure in metric units to establish a foundation and understanding of the only system used in international commerce and communication.
- **Key to Algebra®**: Introduces algebra using simple language and familiar situations to help students understand abstract concepts.
- **Key to Geometry®**: A simplified introduction to geometric concepts using only a pencil, compass, and straightedge to give students hands-on experience in preparation for more sophisticated constructions and transition to formal geometry.

Grades K–8

Arrive Math™ Booster makes it easy for you to find the targeted resources you need to address every skill covered in the mathematics standards and make a plan that is just right for your classroom.

• Align your classroom data with supplemental lessons quickly and easily.
• Preview, assign, or add lessons to your calendar directly from standard or skill-based search results.
• Teach with minimal prep, launching scripted lessons, printable resources, assignments, and digital lessons directly from the teacher’s dashboard.

Flexible Resources to Make It Personal

These 15-minute lessons easily integrate into classroom instruction.

• Small-group, scripted hands-on lessons and discussion
• Assignable digital instruction and application
• Engaging small-group games
• Small group academic language lessons

For more information visit arrivemath.com

Arrive Math Booster offers 15-minute lessons that can be easily integrated into general classroom instruction no matter the instructional model.
**Grades Pre-K–8**
Accelerate math success for struggling students with *Number Worlds®,* a comprehensive math prevention and intervention program.

**Features**
- Prepare students to meet rigorous Common Core Standards with a proven curriculum
- Engage students with projects, games, activities and digital resources
- Assess student achievement with dynamic digital assessment and reporting

**Benefits**
- **Multi-modal instruction** promotes a strong foundation in procedural and conceptual understanding in an engaging environment.
- **Digital manipulatives** support reasoning skills and problem solving by allowing students to explore virtually while modeling math concepts.
- **Online assessments and reports** help teachers and administrators record and monitor student progress at the student, class, and school level.
Prevention Levels (A–C) are designed to systematically teach students the foundational skills and concepts needed to succeed with math.

Number Worlds® Prevention Package, Levels A–C: Teacher Edition; Playing Card Sheets; Placement Test Guide; Implementation Guide; Instructional Activity Cards; English Learner Support Guide; and Games and Manipulatives (for five students).

Number Worlds Intervention Package, Levels D–J: Teacher Edition; Practice BLM Book; Playing Card Sheets; Placement Test Guide; Implementation Guide; English Learner Support Guide; Placement Test Book; and Games and Manipulatives (for five students).

Student Materials Bundle: Complete print and digital student resources for five students: Student Workbooks (Level C [5], Levels D–J [25]) and online Student Subscriptions (one-year)

Manipulative Plus Pack: Games and Manipulatives needed to teach the program for an additional five students

Number Worlds Online Teacher Subscription: Teacher Dashboard; Building Blocks; Digital Tools and Manipulatives; Online Assessment; Conceptual Development Activities; Professional Development Resources; Workbook Displays; and Interactive Gameboards

Number Worlds Online Student Subscription: Student Dashboard, Building Blocks; Digital Math Tools and Manipulatives; and Online Assessment
ACCELERATE LEARNING. CLOSE GAPS. EVERY STUDENT ALGEBRA-READY.

Grades K–7

Developed in collaboration with Stanford University, Redbird Mathematics® meets all learners where they are with an engaging program that enables them to understand, apply, and create at their specific point on the learning continuum.

- Delivers high-quality, differentiated instruction and support
- Provides assessment opportunities for students and powerful reports to educators that can help direct next steps
- Available anytime, anywhere on any internet-enabled tablet or computer
- Help learners build confidence in their abilities, engaging in productive struggle that helps them learn how to learn
- Supports success for all students with learning scaffolds, including hints, feedback, and a variety of interactive modes
- Connects mathematical concepts to STEM careers through in-unit problems and end-of-unit projects

CORRECTIVE MATHEMATICS

BOOST COMPUTATION AND PROBLEM-SOLVING SKILLS

Grades 3–12

Corrective Mathematics provides targeted support for students who struggle with basic math concepts, operations, or word problems. The seven strategic modules provide teacher-directed instruction on critical skills and concepts.

Components

Teacher Materials: Presentation Book with separate Answer Key.

Addition

ESSENTIALS FOR ALGEBRA

SIEGFRIED ENGELMANN, BERNADETTE KELLY, AND OWEN ENGELMANN

Grades 7–12

Engage struggling students

Ensure that under-performing students master pre-algebra content and learn introductory concepts in traditional Algebra I with this structured year-long course. Students learn to process a wide range of problems and solve complex problems independently. Help your students master the first third of Algebra 1.

Components

Teacher Materials: Spiral-bound Presentation Books (2); Teacher’s Guide; Answer Key; Board Displays; and Online Teacher Subscription (6 Years).

For more information, contact your sales representative.
Let Us Build a Solution That Works for You

A customized solution from McGraw-Hill ensures you deliver a program containing trusted research-based content.

Custom Services

No two customizations are alike, but typical customizations may involve:

- Adding/Removing content.
- Resequencing content.
- Blending programs.
- Adding standards or regional content.

Learn more at mheonline.com/customsolutions or contact your sales representative.
At McGraw-Hill, we want to empower educators and help increase student retention. What better way than by giving you the ability to create personalized course materials?

*McGraw-Hill Create®* is a self-service website that allows you to create custom course materials by drawing upon McGraw-Hill’s comprehensive, cross-disciplinary content. Your print book or eBook is ready in three easy steps:

1. Find your content quickly and easily.
2. Arrange the content in a way that makes the most sense for your course.
3. Personalize your book and choose the best format for your students.

In just minutes, you’ll receive your complimentary PDF review sample!

**Begin creating now at create.mheducation.com**

Start by registering for a Create account. If you already have a McGraw-Hill account with one of our other products such as *Connect* or *ConnectEd*, you will not need to register on Create. Simply sign in and enter your username and password to begin using Create.
DEVELOP YOUR OWN CURRICULUM WITH CREATE

1. Choose Your Content
Use the powerful search functionality within Create to access McGraw-Hill textbooks and content found in the Create Collections, such as workbooks, science labs, and primary sources. Search by keyword or find products by course. Choose the content you want—you can easily combine content from multiple sources.

2. Arrange Your Content
After you’ve selected your content, Create allows you to simply rearrange chapters and even add section dividers to map your book to your course outline. The Upload Content feature enables you to seamlessly integrate your own content, such as a syllabus, teaching notes, or correlation into the book.

3. Personalize Your Book
Finalize your book by selecting a cover, adding your course information, and choosing the best format for your students—color print, black-and-white print, or eBook.

Review and Approve
With every book you build, Create provides you with a complimentary PDF Review Sample in minutes!

After you receive your review copy and approve it for use, it is ready to be ordered. The print book format can be ordered through your Sales Representative or by sending a Purchase Order directly to mhe.create@mheducation.com.

Visit McGraw-Hill Create today and begin building your book, your way. Finally, a way to quickly and easily create the course materials you’ve always wanted!

READY WHEN YOU ARE

Whether you’re implementing a new program—or you’ve been using a program for a few years—McGraw-Hill Online Professional Learning supports you with a comprehensive library of relevant, self-paced professional learning resources—all available around the clock.

Short on time? Most embedded videos are less than 5 minutes, so you can learn a quick strategy while you’re planning a lesson.

Program Implementation Support

Implementation support provides everything you need to know to get up to speed on day one.

- **Quick Start eLearning Courses** provide program basics to help you get started quickly.
- **Deep-Dive eLearning Courses** provide all you need to learn to fully implement your new program with fidelity.

Online Professional Learning is included with your program’s digital resources.
ONLINE PROFESSIONAL LEARNING SUPPORT

Digital Platform Support

Digital support helps you feel confident planning, teaching, and assessing with the digital tools in your program.

- **Digital Walkthrough Videos** provide an orientation to the resources available in your digital program.
- **Teacher Help** provides step-by-step instructions for your digital tools.

Ongoing Pedagogy Support

Pedagogy and content support resources allow you to choose what you want to learn when you want to learn it.

- **Instructional Coaching Videos** are embedded at the point of use to provide next-practice strategies.
- **Interviews with Experts** provide the “why” behind best practices.
- **Classroom Videos** show and model the teaching of strategies and lessons.
- **eLearning Courses** offer flexibility for self-paced, small-group, or workshop learning with online and facilitator-led options.

Online Professional Learning is included with your program’s digital resources.
PRODUCT SUPPORT
Product support and program implementation training for all McGraw-Hill Education materials are available ONLY for products purchased directly through McGraw-Hill Education or an authorized dealer.

INTERNATIONAL CUSTOMERS
Many titles in this catalog are not available for international supply or to any destination outside the U.S. (except DoDEA schools). Please consult the international catalogs for titles available for supply outside the United States and Canada.

Shipping Method: Order shipments are made using the least expensive, traceable mode, unless otherwise stated by the customer.

Returns: Please see information in “Returns” for details regarding international returns.

ORDERS FROM INDIVIDUALS
Orders from individuals are accepted only with full payment. Check or money order for materials must include applicable taxes and shipping and handling charges. (American Express, MasterCard, and VISA are accepted.)

PAYMENTS AND STATEMENT INQUIRIES
To inquire about payments and billing statements, refer to your invoice(s) or billing statement(s) for the name of your credit analyst and for remittance information.

RETURNS FROM SCHOOLS/DISTRICTS
When returning instructional materials, direct the returns to the address on the packing list or call 1-800-338-3987.

Imagine Education Receives all material orders for United States distribution only. For information for international supply or to any destination outside the U.S. (except DoDEA schools) please consult our international supply or to any destination outside the U.S. (except DoDEA schools).

McGraw-Hill Education cannot issue credit on items lost in transit to our facilities. Please include the reason for the return. Customers must report shortages, damaged, or defective products within 60 days of the invoice date. All shipments must meet our returns policy guidelines.

McGraw-Hill Education accepts 100% return of its products, without prior written authorization, provided the following conditions are met:
• Products are returned prepaid in new, unmarked, and resalable condition.
• Returns are accompanied by our invoice or invoice information (invoice number, date, account number, ISBN, purchase price). If this information is not provided and we fail to locate the invoice in our files, a credit cannot be issued.
• Returns from domestic customers are received within 12 months of invoice date.
• Out-of-print products can be returned within 90 days following announcement of out of print status.
• Customers must report shortages, damage, or defective products within 60 days of invoice date. Returns: Please refer to your invoice for the appropriate returns address or contact customer service for assistance.
