Many activities in Everyday Mathematics 4 can be completed digitally. You may want to check with your student’s teacher to see if their class is completing activities in class using iPads, laptops, or other digital devices.

Activity Tiles
You can click on an activity tile to see if your student worked on the activity using a digital device. If not, they may want to complete the activity at home with you.

Note:
Teachers may choose not to complete the activity digitally and instead use paper and pencil. Either choice is appropriate.

Some lessons have activities to complete at home.

Your student’s teacher may assign homework to be completed digitally using the Student Learning Center. If so, and your student’s teacher assigned homework for this lesson, click on the Home Link tile to launch and complete the activity.
