- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 581-584
- 2G Relationship between domestic and foreign policies: pp. 582

The Fight for National Unity in North America

- 2A The rise and functioning of the modern state in its various forms: pp. 585-586
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: p. 585
- 2I War and civil conflict: origins, developments, technology, and their consequences: p. 585

Divided Authority in the Austrian and Ottoman Empires

- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: p. 586
- 2E The growth and changing forms of nationalism: pp. 586-587
- 2A The rise and functioning of the modern state in its various forms: p. 586
- 2F Forms of political protest, reform, and revolution: pp. 586-587
- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: p. 587

Using Nationalism in France and Russia

- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: pp. 587–588
- 2E The growth and changing forms of nationalism: pp. 587–588
- 2A The rise and functioning of the modern state in its various forms: pp. 588–589, 592
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 589–591
- 2F Forms of political protest, reform, and revolution: pp. 590–593
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: pp. 590–591
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 592–593

Chapter 20: Mass Politics and Imperial Domination

Demands for Democracy

- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 598, 600–601
- 1H The diffusion of new intellectual concepts among different social groups: p. 598
- 1E Intellectual and cultural developments and their relationship to social values and political events: p. 598
- 1G Developments in literacy, education, and communication: pp. 598, 600
- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: pp. 598, 600–601
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 599, 601
- 2F Forms of political protest, reform, and revolution: pp. 599–601
- 2A The rise and functioning of the modern state in its various forms: pp. 600–601
- 2E The growth and changing forms of nationalism: pp. 600–601

Insiders and Outsiders: Politics of the Extremes

- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 601–604
- 2F Forms of political protest, reform, and revolution: pp. 602–604, 607
- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: pp. 602–607

- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 603–607
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 604–605, 612
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 606–607

Emigration: Overseas and Across Continents

- 3H Changes in the demographic structure and reproductive patterns of Europeans: causes and consequences: pp. 607–609

The New Imperialism: The Race for Africa and Asia

- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: p. 609
- 2B Relations between Europe and other parts of the world: colonialism, imperialism, decolonization, and global interdependence: pp. 609–623
- 2E The growth and changing forms of nationalism: p. 610
- 1J Impact of global expansion on European culture: pp. 610–611, 616–617
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 612–613, 616–617
- 1C Scientific and technological developments and their consequences: pp. 612–613
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 616, 618–622

Chapter 21: Modern Life and the Culture of Progress

The Second Industrial Revolution

- 3G The origins, development, and consequences of industrialization: pp. 625–630
- 1C Scientific and technological developments and their consequences: pp. 626–627
- 1G Developments in literacy, education, and communication: p. 627
- 3K Private and state roles in economic activity: pp. 627–638
- 3E The development of commercial practices, patterns of mass production and consumption, and their economic and social impact: pp. 628–629
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: pp. 628–630

The New Urban Landscape and City People

- 3B The role of urbanization in transforming cultural values and social relationships: pp. 630–635
- 3H Changes in the demographic structure and reproductive patterns of Europeans: causes and consequences: p. 630

- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: p. 630
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: pp. 631-635
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 631-634
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 631-635
- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work, and ritual: pp. 631-632
- 3G The origins, development, and consequences of industrialization: p. 633

Sports and Leisure in the Cities

- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work, and ritual: pp. 635
- 3B The role of urbanization in transforming cultural values and social relationships: pp. 635, 637

Private Life: Together and Alone at Home

- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work and ritual: pp. 635-639
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: p. 636
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 636-638
- 3H Changes in the demographic structure and reproductive patterns of Europeans: causes and consequences: p. 638
- 3B The role of urbanization in transforming cultural values and social relationships: p. 639
- 1E Intellectual and cultural developments and their relationship to social values and political events: pp. 638-639

Science in an Age of Optimism

- 1C Scientific and technological developments and their consequences: pp. 639-645
- 1H The diffusion of new intellectual concepts among different social groups: pp. 640-641
- 1A Changes in religious thought and institutions: pp. 641-642
- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: pp. 643-645
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 644

Culture: Accepting the Modern World

- 1D Major trends in literature and the arts: pp. 645-647

1E Intellectual and cultural developments and their relationship to social values and political events: pp. 645–647

From Optimism to Uncertainty

1E Intellectual and cultural developments and their relationship to social values and political events: pp. 647–651

1C Scientific and technological developments and their consequences: pp. 648–649

1D Major trends in literature and the arts: pp. 648, 650–651

Chapter 22: Descending Into the Twentieth Century

On the Path to Total War

2I War and civil conflict: origins, developments, technology, and their consequences: pp. 656–659

2E The growth and changing forms of nationalism: pp. 656–657

3J The growth of competition and interdependence in national and world markets: p. 656

1E Intellectual and cultural developments and their relationship to social values and political events: p. 658

The Front Lines

2I War and civil conflict: origins, developments, technology, and their consequences: pp. 659–666

2E The growth and changing forms of nationalism: pp. 659–660

1C Scientific and technological developments and their consequences: pp. 662–664

2B Relations between Europe and other parts of the world: colonialism, imperialism, decolonization, and global interdependence: pp. 665–666

War on the Home Front

2I War and civil conflict: origins, developments, technology, and their consequences: pp. 666–668

3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 666–667

3K Private and state roles in economic activity: pp. 666–667

To The Bitter End/Assessing the Losses

2I War and civil conflict: origins, developments, technology, and their consequences: pp. 668–669

3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: p. 669

The Peace Settlement

- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: pp. 669–673, 675–676
- 1D Major trends in literature and the arts: p. 670
- 1E Intellectual and cultural developments and their relationship to social values and political events: p. 670
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 670–674

Revolution in Russia

- 2F Forms of political protest, reform, and revolution: pp. 674, 676–681
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 680–681
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 677–678
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 678, 680
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 678–680

Chapter 23: Darkening Decades

Trying to Recover From the Great War

- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 686–687
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 686, 689
- 2G Relationship between domestic and foreign policies: pp. 686–690
- 3K Private and state roles in economic activity: pp. 686, 688
- 2B Relations between Europe and other parts of the world: colonialism, imperialism, decolonization, and global interdependence: p. 687
- 2E The growth and changing forms of nationalism: p. 687
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 687–688
- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: p. 688
- 1C Scientific and technological developments and their consequences: pp. 688–689
- 3G The origins, development, and consequences of industrialization: pp. 688–689
- 1E Intellectual and cultural developments and their relationship to social values and political events: pp. 689–694

- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work, and ritual: pp. 690–693
- 1D Major trends in literature and the arts: pp. 689–694
- 3H Changes in the demographic structure and reproductive patterns of Europeans: causes and consequences: p. 692

Turning Away From Democracy: Dictatorships and Fascism

- 2A The rise and functioning of the modern state in its various forms: pp. 693, 695–697
- 3J The growth of competition and interdependence in national and world markets: p. 693
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 695–697
- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: pp. 695–696
- 2E The growth and changing forms of nationalism: pp. 695–696
- 3K Private and state roles in economic activity: p. 696
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 696

Nazism in Germany

- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 697–701
- 2E The growth and changing forms of nationalism: pp. 697–700
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 697–698, 700–701
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 698–701
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 699
- 2G Relationship between domestic and foreign policies: p. 701
- 3K Private and state roles in economic activity: p. 701

Transforming the Soviet Union

- 2I War and civil conflict: origins, developments, technology, and their consequences: 702
- 3K Private and state roles in economic activity: pp. 702–705
- 2A The rise and functioning of the modern state in its various forms: pp. 702–703
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 702–703
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 702, 704–706
- 3A The character of and changes in agricultural production and organization: pp. 703–705

- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: p. 704
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 705
- 1D Major trends in literature and the arts: p. 705
- 1E Intellectual and cultural developments and their relationship to social values and political events: p. 705

The Great Depression

- 3K Private and state roles in economic activity: pp. 706–707
- 3J The growth of competition and interdependence in national and world markets: pp. 706–707
- 3B The role of urbanization in transforming cultural values and social relationships: pp. 706–707
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: p. 707

Chapter 24: Into the Fire Again: World War II, 1939–1945

The Road to War

- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 711–717
- 2A The rise and functioning of the modern state in its various forms: p. 711
- 2G Relationship between domestic and foreign policies: p. 713
- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: pp. 713, 715–717

Axis Victories

- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 717–721

Behind the Lines: The Struggle and the Horror

- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 721–725
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 721–725
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: pp. 722–725
- 3K Private and state roles in economic activity: p. 725
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 725

Turning the Tide of War

- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 725–730
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: p. 726

Peace and the Legacy of War

- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: p. 731
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 730–732
- 2G Relationship between domestic and foreign policies: p. 732

Chapter 25: Superpower Struggles and Global Transformations

Origins of the Cold War

- 2A The rise and functioning of the modern state in its various forms: pp. 738–739, 741, 745
- 2G Relationship between domestic and foreign policies: pp. 738, 740–741
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 738–747
- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: pp. 738–741, 743–744, 747
- 1E Intellectual and cultural developments and their relationship to social values and political events: pp. 740–741, 745
- 3K Private and state roles in economic activity: p. 745
- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: p. 745
- 1H The diffusion of new intellectual concepts among different social groups: p. 745

East and West: Two Paths to Recovery in Europe

- 3K Private and state roles in economic activity: pp. 747–748, 750–752
- 2A The rise and functioning of the modern state in its various forms: pp. 747–748
- 2G Relationship between domestic and foreign policies: pp. 747, 749–750
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 748–750
- 1E Intellectual and cultural developments and their relationship to social values and political events: pp. 748, 752
- 2F Forms of political protest, reform, and revolution: pp. 748–749
- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: pp. 750–752

- 3J The growth of competition and interdependence in national and world markets: pp. 750-752
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: pp. 751-752

The Twilight of Colonialism

- 2B Relations between Europe and other parts of the world: colonialism, imperialism, decolonization, and global interdependence: pp. 752-757
- 2F Forms of political protest, reform, and revolution: p. 753
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 753-755
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 755-756
- 2G Relationship between domestic and foreign policies: p. 755

A Sense of Relativity in Thought and Culture

- 1E Intellectual and cultural developments and their relationship to social values and political events: pp. 758-759
- 1F Developments in social, economic, and political thought, including ideologies characterized as “-isms,” such as socialism, liberalism, and nationalism: p. 758
- 1D Major trends in literature and the arts: pp. 758-759
- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work, and ritual: pp. 758-759
- 1J Impact of global expansion on European culture: pp. 759-760

Protest, Problems, and New Politics: The 1960s to the 1980s

- 2F Forms of political protest, reform, and revolution: pp. 760-762, 764-765
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 760, 764
- 1G Developments in literacy, education, and communication: p. 761
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: p. 764
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 761-763
- 3J The growth of competition and interdependence in national and world markets: pp. 762-764
- 3K Private and state roles in economic activity: p. 762
- 3E The development of commercial practices, patterns of mass production and consumption, and their economic and social impact: p. 763
- 3A The character of and changes in agricultural production and organization: p. 764
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: p. 764
- 2E The growth and changing forms of nationalism: p. 765

Postindustrial Society

- 3J The growth of competition and interdependence in national and world markets: p. 765
- 3C The shift in social structures from hierarchical orders to modern social classes: the changing distribution of wealth and poverty: p. 765
- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 765–766
- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: p. 766
- 3B The role of urbanization in transforming cultural values and social relationships: p. 766
- 3H Changes in the demographic structure and reproductive patterns of Europeans: causes and consequences: p. 766
- 3A The character of and changes in agricultural production and organization: p. 766
- 1I Changes in elite and popular culture, such as the development of new attitudes toward religion, the family, work, and ritual: pp. 766–767
- 1G Developments in literacy, education, and communication: p. 766

Breakthroughs in Science

- 1C Scientific and technological developments and their consequences: pp. 767–769
- 1E Intellectual and cultural developments and their relationship to social values and political events: p. 768
- 1G Developments in literacy, education, and communication: p. 768
- 3D The influence of sanitation and health care practices on society; food supply, diet, famine, disease, and their impact: pp. 768–769

Chapter 26: Into the Twenty-First Century

The Collapse of Communism

- 3K Private and state roles in economic activity: pp. 774–776, 780–781
- 1G Developments in literacy, education, and communication: p. 775
- 2F Forms of political protest, reform, and revolution: pp. 774–781
- 2C The evolution of political elites and the development of political parties, ideologies, and other forms of mass politics: pp. 775–779, 782–783
- 2D The extension and limitation of rights and liberties (personal civic, economic, and political); majority and minority political persecutions: p. 776
- 2H Efforts to restrain conflict: treaties, balance-of-power diplomacy, and international organizations: p. 776
- 2E The growth and changing forms of nationalism: pp. 776, 783–784

- 3I Gender roles and their influence on work, social structure, family structure, and interest group formation: pp. 781-782
- 2I War and civil conflict: origins, developments, technology, and their consequences: pp. 783-784
- 3F Changing definitions of and attitudes toward social groups, classes, races, and ethnicities within and outside Europe: pp. 784-785

Repercussions and Realignments in the West

- 2A The rise and functioning of the modern state in its various forms: p. 785
- 3J The growth of competition and interdependence in national and world markets: pp. 785-787
- 3K Private and state roles in economic activity: pp. 785-786
