# English Language Arts Standards » Anchor Standards » College and Career Readiness Anchor Standards for Writing

The K–5 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

   **Teacher’s Edition:** 107, 148, 167, 168, 203, 205, 207,

2. Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.  

3. Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.  
   **Teacher’s Edition:** 82, 140, 161A, 228, 239, 257A, 264, 314, 328, 389B

6. Use technology, including the Internet, to produce and publish writing and to interact and collaborate with others.  

## Research to Build and Present Knowledge

7. Conduct short as well as more sustained research projects based on focused questions, demonstrating understanding of the subject under investigation.  

8. Gather relevant information from multiple print and digital sources, assess the credibility and accuracy of each source, and integrate the
