WEEK 2
GRADE 1

DAY FOUR ANSWERS

1.  
2.  
3. 6  
4. 4

Show children how to draw the two groups of balls, one above the other, so that they can more easily compare the two numbers. Review the meanings of greater and less.

WEEKDAY WORKOUTS

DAY FOUR

1. Draw 4 balls in a line.
2. Draw 6 balls in a line.
3. Which number is greater?
4. Which number is less?

DAY FIVE

1 dog + 3 cats = 4 in all

Read the story problem to children and allow them to draw a picture or use connecting cubes to model the number of dogs and cats. Check children’s drawings or models.

Weekly Challenge 2, page 73, offers an extension of this activity.

Draw a picture. How many animals are playing in all?

1 dog is playing.
3 cats are playing.

____ dog + ____ cats = ____ in all
