

# smoke vision care

HEALTHY SIGHT. FOR LIFE. 

We are always happy to accept a resume for consideration of employment at Smoke Vision Care. Our practice is consistently growing and with the changes in health care, seeking individuals to help us achieve the high level of service and productivity needed to provide the best care to our patients.

Smoke Vision Care is private optometric practice that realized that it's team of employees is its greatest asset. We are always looking to recruit consistently compassionate, motivated team players who enjoy serving others while working in a fast-paced environment.

Established in 1991, our practice is dedicated to providing the most advanced primary eye care and optical services with a focus on creating long-term relationships and exceptional experiences for our patients which are unparalleled in the industry. A friendly, out-going service attitude is a must.

Our primary eye care practice provides a wide range of services from the diagnosis and treatment of eye disease and routine eye examinations to optical dispensing and contact lens services. We also provide insurance filing services for our patients. We provide exceptional opportunities for learning new skills and professional development.

Our team members are cross-trained to assist in many facets of patient care, but team member primary responsibilities will align with their strongest skills.

## **OUR EMPLOYMENT PHILOSOPHY**

Our practice values its staff as its greatest asset. Applicants should enjoy working as a team, respect others and be willing to become engaged in the collective success of each member. They must take pride in their work and strive to give their best every day. We reward dedication to the practice goals and mission as well as ongoing accomplishments of acquiring new skills and knowledge. We provide ongoing educational opportunities.

We would consider applicants interested in both full and part-time employment. Experience is preferred but not a requirement for employment. We are happy to train the skills to exceptional candidates with positive attitudes who are committed to providing excellent patient experiences.

Some of the primary roles in the practice and their descriptions can be found below.

## **PARA-OPTOMETRIC POSITION**

A career as a para-optometric provides a blend of health care, customer service and retail fashion that keeps your profession exciting and provides plenty of opportunity for learning new skills. It is a fast paced environment that requires multi-tasking ability. A positive attitude, self-motivation, a willingness to learn and the ability to adapt to rapidly changing health care environment is needed for success.

Learn More about becoming a para-optometric by visiting the American Optometric Association Website [AOA Paraoptometric Section Website](#). Here you can learn about the skills required and the certification available for the career. Smoke Vision Care provides training and covers all expenses towards it's employees becoming certified.

## **OPTICIAN POSTION**

An eyewear sales specialist / optician is responsible for fitting patients with eyewear that is appropriate for the prescription and visual demands of the individual. Opticians will also have responsibilities of placing, verifying eyewear orders and assisting in other areas of the optical department and front office duties of the practice. This position is ideally suited for a cross-over applicant with background in sales who may be looking for a new, exciting career that blends serving others in a health care environment with sales skills. Detail-oriented technical aptitude is a trait suited to the profession.
