Napa Valley
SAUVIGNON BLANC
2024

"The 2024 Sauvignon Blanc is gorgeous. It's especially savory, complex Sauvignon Blanc. Sage, rosemary, dried leaves, citrus peel and mint lend tons of character. This is such a distinctive and expressive wine. The blend includes Sauvignon Musqué, which is not terribly pronounced, but the Sémillon is quite evident, especially texturally. This is a very serious white for the dinner table."

- Antonio Galloni, Vinous

TASTING NOTES

The 2024 Sauvignon Blanc was a joy to observe as it developed in the barrel; it is an absolutely gorgeous wine with aromas that leap from the glass, showcasing notes of lemon, lime, grapefruit, minerals, gentle stone fruits, and a delicate pithy character. On the palate, the wine is captivating, driven by textural richness and a refined phenolic structure. It is equally compelling to enjoy now or to cellar for several years, where additional complexity will continue to unfold with bottle age. Distinct wet stone and mineral-driven qualities define the wine's elegant expression.

PHILOSOPHY

The wine is powerful, yet it possesses a delicacy and artfulness that can only come with a winemaking philosophy that honors the integrity of the fruit and the vineyard's terroir. We give this wine extra time in barrel and bottle prior to each release, resulting in an exquisitely balanced Sauvignon Blanc that is aromatically complex, concentrated in flavor and richly textured – a wine influenced by both a Graves from Bordeaux and a Sauvignon Blanc from the New World.

VINTAGE NOTES

The 2024 Napa Valley growing season began with significant winter rainfall, replenishing soils and supporting healthy vine growth ahead of a warm summer. Extended heat events through the season were tempered by ample soil moisture and well-developed canopies, allowing white varieties to ripen evenly while maintaining balance. Harvest followed a classic Napa Valley rhythm, yielding wines defined by precision, purity of fruit, and poise.

VARIETAL BLEND

58% Sauvignon Blanc, 30% Sauvignon Musqué, 12% Sémillon

HAND HARVESTED

August 19 - September 10, 2024

WINEMAKING

Whole cluster pressed, fermented and aged sur lie with weekly bâtonnage in new and used French oak barrels and stainless steel drums.

ALCOHOL

14.1%

PRODUCTION

765 cases
