

Napa Valley
CABERNET SAUVIGNON
2023

"Generous and layered, with superb persistence, the 2023 is a jewel of a wine."

- Antonio Galloni, Vinous

TASTING NOTES

The 2023 Cabernet Sauvignon is a study in quiet power. Richly layered yet remarkably poised, it reveals aromas of cassis, blackberry, graphite, and bay laurel that deepen with time in the glass. The palate carries exceptional energy, balancing generous concentration with effortless lift and finely woven tannins that feel both polished and precise. A lingering thread of mineral freshness and subtle savory spice extends the finish, underscoring a wine whose elegance is matched only by its capacity to evolve. Seamless today, its finest chapters are still ahead.

PHILOSOPHY

Accendo Estate Cabernet Sauvignon is a varietal blend of impeccable fruit from superior vineyard sites. Crafted in a winemaking style that emphasizes elegance, balance, and freshness, it is a quintessential expression of Napa Valley Cabernet Sauvignon.

VINEYARDS

We farm over 250 acres across five of the finest vineyards in Napa Valley. That fruit contributes to some of the most celebrated producers in the valley. Accendo Estate is what we keep for ourselves—chosen from the most promising rows of the best blocks and shaped by a century of farming this valley. Of everything we grow, less than 2% becomes Accendo Estate.

VINTAGE NOTES

The 2023 growing season followed one of the wettest winters in years, replenishing reservoirs and leaving soils nourished and healthy ahead of budbreak. A cool, foggy spring pushed budbreak and bloom back weeks behind the historical average. Although brief heat events arrived in early summer, August through October were free of the mid-harvest warmth that marked recent vintages. This cooler weather allowed for slow, even ripening. An extended growing season for our Cabernet Sauvignon produced fruit with deep color, ripe and fine-grained tannins, and vivid natural acidity. 2023 has been hailed as one of the finest vintages in a generation, and our resulting wines show exceptional structure alongside beautiful freshness and purity.

VARIETAL BLEND

82% Cabernet Sauvignon, 9% Cabernet Franc, 6% Merlot, 3% Petit Verdot

HAND HARVESTED

September 18th - October 19th

WINEMAKING

Aged in new and used French Oak barrels for 21 months.

ALCOHOL

14.8%
