2024 WESTER REACH CHARDONNAY

"The 2023, 2024, and 2025 vintages represent the best consecutive trio DuMOL has seen in modern history. Despite relentless July heat and mildew pressure, the season remained calm and orderly with lower sugars and lower acidity than 2023. The 2024 Chardonnay Wester Reach is a golden yellow hue and reveals aromatics of pineapple, lemon marmalade, honeysuckle, and delicate toast. It's full-bodied on the palate, yet juicy and approachable, with excellent freshness and broad appeal. Drink 2026-2036." -AF

2024 WESTER REACH PINOT NOIR

"The 2024 Pinot Noir Wester Reach is a youthful rub-red hue and is more red-fruited, minty, and floral in profile, with the highest percentage of estate fruit to date. Medium-bodied, with spicy pomegranate fruit, refreshing acidity, and excellent structure, drink 2026-2038." - AF
