

2017 DUMOL NAPA VALLEY CABERNET SAUVIGNON

A seamless blend of power and elegance, richness and breadth.

IMPRESSIONS

The culmination of four distinctive vineyards, this wine has a deep fruit core defined by its warm, up-valley sites in Oakville and St. Helena. The cooler sites of Coombsville and Spring Mountain layer on broad texture and density. There's a seamless quality in the blending of these diverse elements, the final wine beautifully combining power and elegance, richness and breadth.

This beautifully intense and aromatic Cabernet transitions from bright red cherry and plum notes to sweet dark blackberry and cassis fruit. Savory elements of rosemary and cedar add detail, alongside tobacco and baking spice sweetness. There's a seamless flow from the aromas to the palate featuring a core of deep dark ripe fruit and a silky mouthfeel. The broad, creamy texture possesses a fresh mineral edge balanced by refined tannins that lead to a plum-skin and cocoa powder finish. Enjoy this elegant wine now for its youthful intensity or age it for a decade to allow its natural complexity to fully emerge.

WINE ENTHUSIAST

97 POINTS "Salty toffee, licorice and bold black fruit meet a density of oak and grip in this complex, ultimately beguiling and memorable wine. Structured and sturdy, it offers a juicy undercurrent of freshness that complements and impresses, leaving a lengthy impression of elegant power." —Virginie Boone, May 1, 2020
