June 1, 2026 - By Linda Smith

Summer is here and so are we with some fantastic finds from our favorite businesses! With products ranging from travel, skincare, outdoor and more, there is something for everyone on this list.

### **Larkmead Vineyards, 2023 Firebelle Estate Red Blend (\$100)**

Larkmead's Firebelle is a beautifully polished Napa Valley red that marries lush fruit with graceful structure. Floral aromas of cherry blossom lift the rich layers of dark berries, while subtle spice and a touch of minerality add sophistication. On the palate, it feels silky and seamless, with just enough structure to keep it balanced and fresh.

Notes of bramble berry, cassis, and crushed slate are wrapped up velvety tannins and an elegant profile. Whether shared over dinner or opened for a special moment, the Larkmead 2023 Firebelle is a luxurious gift that will impress both seasoned collectors and casual wine lovers.
