2019 LITHOLOGY “BECKSTOFFER – TO-KALON VINEYARD” CABERNET SAUVIGNON

Coming off the incredible 2018 vintage which garnered 100 points from Jeb Dunnuck, the 2019 Lithology Beckstoffer - To-Kalon Cabernet Sauvignon continues to showcase what is truly spectacular about the Beckstoffer To-Kalon vineyard. This year's wine shows the power and strength you come to expect while being weightless at the same time. There's crème de cassis, blueberries, espresso, chicory, toast and spices on the nose. The palate is playful offering waves of vanilla, cinnamon and candied yams, mixed with darker notes of orange peel, dark chocolate, and earthiness of redwood forest. The finish of this wine is effortless and yet powerful with silky, grippy tannins. Aged with slightly more oak than the others given its density, the To-Kalon is able to absorb it easily, and the final structure is capable of aging effortlessly for decades. (Less than 250 cases made.)

BOTTLING DATE:	7/19/2021

VINOUS

“The 2019 Cabernet Sauvignon Lithology Beckstoffer To Kalon Vineyard is one of the very finest wines I have tasted from Alejandro Bulgheroni’s Napa Valley project. The 2019 To Kalon captures all the pedigree of this iconic Oakville vineyard, and yet also remains nuanced and wonderfully finessed for an intense wine. To Kalon Cabernets are rarely this elegant, but the Bulgheroni 2019 sure is.”

- Antonio Galloni
