The 2019 growing season was unique. Overall, temperatures across the growing season were slightly above 20-year averages. A minor frost event at the end of September was followed by a series of larger, statewide frosts and freezes in early to mid-October. Despite these challenges, growers and winemakers alike were excited about the quality of fruit they picked. Cooler temperatures contributed to lower overall sugar accumulation and higher acidities, which many welcomed.

TASTING NOTES

Our first ever Malbec for the Board Track Racer lineup! This 2019 is a vibrant purple and offers blueberry compote, and black pepper aromatics. The palate is rich with plush tannins, and fruit-forward characteristics combine with bramble and backing spice that leads into a lasting finish.
