

THE 2024 VINTAGE

A Vintage of Excellence and Legacy

As winegrowers, the 2024 vintage on the far Sonoma Coast will be remembered as a year when winter rains, coastal breezes, and a long, patient ripening came together in perfect harmony.

The season began with the extraordinary gift of rain. At 140% of our annual average, it was the second consecutive winter of abundance, replenishing our soils, rivers, and forests, while restoring balance and health to our sites. This pulse of energy carried beautifully through this remarkable growing season.

The resulting wines are world-class, carrying a remarkable depth and concentration from the season's perfect rhythm, yet remain defined by the lift, energy, and perfume we treasure along the Coast. A vintage of brilliance, purity, and remarkable balance, 2024 has made its mark in our history and, enjoyable now, this vintage is one we can't wait to tuck away in the cellar and watch evolve for many more decades to come.

2024 BODEGA VINEYARD, FREESTONE OCCIDENTAL

Fermentation	100% WHOLE CLUSTER & NATIVE
Alc %	12.5%
Winemaker	MELANIE MCINTYRE
Proprietors / Winegrowers	CARLO & DANTE MONDAVI

This 1.8-acre site near Bodega Bay is the oldest meter-by-meter planting of Pinot Noir on the Sonoma Coast. Due to its steep slope and tight vine spacing, it is farmed entirely by hand, carrying forward traditions of care and dedication that few vineyards in the world require. Each year, the fog drifts in from the Pacific and blankets the vines, while the surrounding redwood forest shapes the character of this singular site. The wine opens with aromas of rose petal, black cherry, strawberry, and jasmine blossoms, layered with orange pith and earthy forest floor. Exotic notes of mushroom and spice mingle with a deep core of dark fruit, bringing both power and finesse. On the palate, this interplay of red and black fruit is seamlessly tied to the site's signature earthy character, carrying through to a finish that echoes the cool, wild beauty of the Sonoma Coast.
