Vida Valiente Winery The Movement

Vida Valiente Winery, the renowned St. Helena label, made a triumphant return with their highly anticipated 2021 vintage wines after a year-long hiatus due to fire damage that forced the omission of the 2020 vintage. Their flagship wine, "The Movement," is a blend of three prized Napa vineyards: Vida Valiente Estate, High Ranch and Beckstoffer's To Kalon. This rich, inky wine offers immediate enjoyment but promises to age gracefully for decades. Beyond its exceptional taste, "The Movement" serves a higher purpose. For every bottle sold, \$100 directly supports the Vida Valiente Foundation, benefiting first-generation, low-income students pursuing four-year degrees. Currently, the foundation assists 73 scholars at Stanford University within its first two years and plans to expand its annual support. Co-owner Susana Drumright, a first-generation college graduate with Guatemalan and Mexican roots, passionately champions this cause, making each bottle a contribution to both your wine collection and your karma.
