Vida Valiente Winery and Foundation's Napa in Cabo Auction

Now in its second year of providing scholarships for underprivileged students at Stanford University, Vida Valiente recently raised over \$1.25 million at its annual auction at Montage Los Cabos in Cabo San Lucas, Mexico. The Vida Valiente Foundation receives partial funding from its flagship wine, The Movement, an acclaimed cabernet sauvignon blend crafted by 100-point winemaker **Sam Kaplan**. Through leadership initiatives, financial scholarships and annual retreats, the Foundation offers admitted college students unparalleled exposure to professionals for guidance and opportunities. "We're deeply humbled and gratified by what Vida Valiente was able to accomplish at this year's Napa in Cabo event," said **Susana Cueva Drumwright**, CEO and co-founder, along with her husband, **Hayes Drumwright**, of the Vida Valiente Foundation.
