

Fractional Laser Skin Treatment

Reclaim your skin's youthful texture and tone

LIFESTYLE LIFT

See significant results, often in one treatment

Welcome to more youthful skin

Treat wrinkles, fine lines and scars

As an enhancement to the Lifestyle Lift®, fractional laser skin treatment helps reclaim your skin's youthful texture and tone, leaving your face with a lasting, healthy glow. This approach is used to treat fine lines, wrinkles and discolorations caused by sun damage, as well as acne scars. Patients who have had fractional laser skin treatment have reported significant results, often after a single treatment. Your consultant and doctor will work with you to customize a treatment plan specific to your skin and treatment objectives. Speak to your consultant today about scheduling a personal consultation.

Better than traditional resurfacing

What makes fractional laser skin treatment better? Our highly trained doctors can treat a full face in 30 minutes or less, using topical or local anesthetic to mini-

mize discomfort. You get significant skin improvement, often with only one treatment, and nominal downtime.

Fractional laser skin treatment effectively:

- Reduces facial lines and wrinkles:
 - Around eyes
 - Across cheeks
 - Around mouth
 - On forehead
- Tightens facial skin
- Lessens the appearance of scars
- Improves overall skin tone and texture
- Rejuvenates sun-damaged skin

Expect amazing results

A simple treatment to refine your skin

The power of fractional laser skin treatment

Fractional laser skin treatment keeps downtime to a minimum by treating just a *fraction* of the skin's surface, leaving healthy tissue to assist in the rapid healing process. Within days, new, healthy skin takes the place of older, sun-damaged skin. What's more, the laser stimulates new collagen growth, so you will continue to see improvement in your skin's texture and tone for up to nine months.

Following treatment, you will notice some swelling and redness for a few days. Redness could last up to a week or more, depending on your skin and the level of treatment delivered. Your doctor can suggest a makeup that can cover any redness so you may quickly resume regular activities.

In addition, we will show you how to

properly care for your newly youthful skin. You will receive specific instructions you need to follow.

Speak with your consultant today to schedule a consultation for this effective treatment that helps restore your skin's youthful texture and tone.

All patients shown here have had fractional laser skin treatment in addition to the Lifestyle Lift.®

LIFESTYLE LIFT

...Do something for yourself!

Lifestyle Lift® performs medical procedures that involve a certain amount of risk. Patients will experience some bruising and discomfort, although typically not as severe as with a traditional procedure. Medications for discomfort are offered and can be taken if desired. The Lifestyle Lift® facial firming procedure usually takes approximately one hour to complete under local anesthesia but may require more time to achieve best possible results or if additional procedures (such as neck firming or eyelid procedures) are performed. Most Lifestyle Lift® patients undergoing the facial firming procedure return to work and their activities in about a week. Some people may need extra healing time. Patients who have additional procedures may also need additional recovery time. The statements and photographs in this promotional material do not constitute a promise or guarantee of any particular outcome or anything else. Ask your Lifestyle Lift® physician and review consent forms to find out more about your individual case and what you can expect. THE PATIENT AND ANY OTHER PERSON RESPONSIBLE FOR PAYMENT HAS A RIGHT TO REFUSE TO PAY, CANCEL PAYMENT, OR BE REIMBURSED FOR PAYMENT FOR ANY OTHER SERVICE, EXAMINATION, OR TREATMENT THAT IS PERFORMED AS A RESULT OF AND WITHIN 72 HOURS OF RESPONDING TO THE ADVERTISEMENT FOR THE FREE, DISCOUNTED FEE, OR REDUCED FEE SERVICE, EXAMINATION, OR TREATMENT. © 2009 Lifestyle Lift Holding Inc.
