Letter of Recommendation

Christopher Tyler was an outstanding asset to my campaign which ultimately culminated in victory. Chris and I worked tirelessly side by side for numerous long hours and days at a time and he was an outstanding team player. Chris' political insights and knowledge of public affairs were exceptional and they brought a much needed perspective to our campaign. He has excellent human relations skills; he handled the campaign's public relations work flawlessly and he has a keen knack for strategic planning. Chris also displayed excellent organizational and writing talents which would be of benefit to any organization. In that Chris is exceptionally well-rounded, I can honestly say, without hesitation, that I would recommend him for any position which would call for the aforementioned skills and talents which I have attributed to him. Even today, I still value Chris as one of my closest and most trusted advisors.

Sincerely,

George F. Vaughn, Jr.
Mayor of Neptune Beach, Florida
