

Immunology Journal Club- 2016

Coordinators: Helen K. Chomicki and Louise A. Rollins-Smith, Ph.D.

Description: The Immunology Journal Club has a long and rich history dating back to about 1984. Students, faculty, and postdocs share their insights as we discuss recent significant journal articles about all aspects of immunology from the molecule to the host. All participants will gain a greater understanding of how the immune system functions in health and disease.
