# Join Us To Disrupt Poverty

Economic Mobility Pathways (EMPath) is a Boston-based nonprofit that disrupts poverty through direct services, advocacy, research, and a global learning network. Our mission is to transform people's lives by helping them move out of poverty and to provide other institutions with the tools to systematically do the same.

Using our science-backed Mobility Mentoring® model, we partner annually with thousands of families across the country and 1,200 people in Greater Boston (nearly 700 families and 400 children) in their work to achieve economic mobility. A majority of our work is with female-led households, nearly 40% of whom were homeless when they entered our programs, and who leave with stability, greater financial resources, and a path to long-term success.

**98%**

of participants in our Stabilization program remained in permanent housing after one year

**72%**

of participants finished our flagship program with a college degree, compared to only 40% at entry

**63%**

of participants finished our flagship program debt free, compared to only 19% at entry

**400,000+**

individuals served through the 1,000+ organizations in our global learning network
