

# Claims for Mobile User **Device Setup**

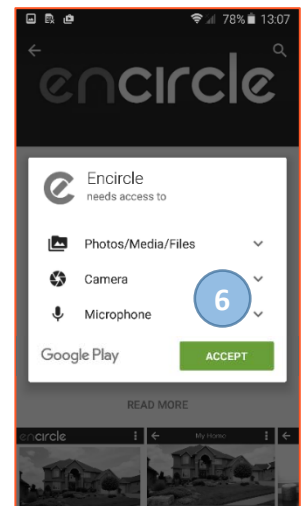

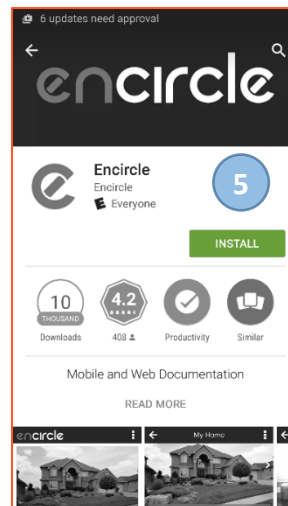

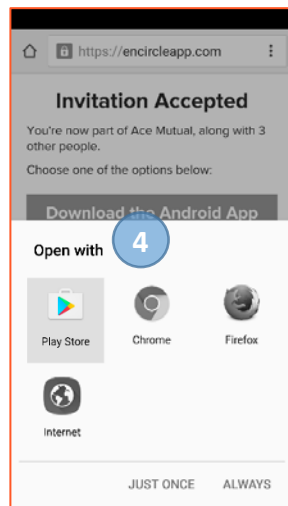

## Installing the Encircle app

The Encircle app can be downloaded and installed directly from the various app stores per your device. Typically, you will receive an invitation from your Administrator.

1. Go to the email sent from Admin. and click on the **Link**.
2. Set a **Password**.
3. Select your **device type** to download the app.

4. You may have to **set the method** to Open the app store.
5. Press **Install**.
6. Press **Accept**. The app will download and install.

# Log In to the Encircle app

1. Press on **Log in**. (since you already have an account from prior steps).

2. Your account data will load.

3. You will notice claims in your **Inbox** or available for self-assign. Tap to open or **Self-Assign**.

4. **Self-Assign** allows you to join shared access to a claim. Choose **Yes**.

5. The claim will show up in your Inbox along with other claims shared with you or created by you.

6. Click on the link: [Set-up Preferences](#) to ensure correct product selection and set other user preferences.
