

ECHO TABI

For Primary Care Providers

What is ECHO TABI?

-  A virtual learning network of medical providers
-  Real-time access to brain injury experts
-  An innovative system that allows professionals to:
 -  Increase confidence in identifying and treating TABI symptoms
 -  Expand knowledge about behavioral treatments

How does it work?

-  Meets for 90 minutes on 2nd and 4th Thursdays
-  Discuss complex cases in your practice for real-time advice from experts
-  All you need to get started is an internet connection and a forward-facing camera on smartphone, tablet, or computer/webcam
-  Earn Free CMEs

How will ECHO TABI help me?

Regular and convenient access to multidisciplinary team of experts:

- Physician board certified in Physical Medicine and Rehabilitation, and Brain Injury Medicine
- Physical Therapist
- Speech-Language Pathologist
- Peer advocate and support

Benefits of ECHO:

- Increase knowledge about evidenced-based practices for brain injury treatment
- Participate in an interactive learning environment and co-management of cases
- Improve patient outcomes
