United States: +1 (914) 614-3426

Only 1,000 participants allowed in webinar

Falls are the leading cause of injury-related deaths for Floridians aged 65 or older.

With Florida's aging population, the number of unintentional falls increases each year. Join us to discuss common fall risks and effective strategies to reduce those risks.

Hosted by:

Florida Department of Health and Florida Department of Elder Affairs
