College Health Symposium 2013

because it's your health

Tuesday, May 21, 2013

Symposium: Tuesday May 21, 2013

Welcome to the College Health Symposium sponsored by Health & Counseling at SUNY Geneseo. The focus is on best practices in the following areas recognizing and responding to students experiencing sexual assault and stalking, trends in synthetic drug abuse, wound healing, and recognition and recovery of students with eating disorders. The day is filled with fun activities to stimulate your learning. Join us at the historic BIG TREE INN, located at 46 Main Street, north of the campus (parking conveniently located behind the building).

During the noon hour, you may enjoy a showcase of best practices in College Health & Counseling and Health Promotion. Gather ideas to bring back to your facility and network with other college health professionals.
