## **Nursing Education: Securing the Future of a Healthier Washington**

### **Live Interactive Webinar with Survey:**

#### ***"Assuring Quality Clinical Practice Experiences For All Nurses"***

Assuring quality clinical practice experiences for nursing students is critical to the development of a robust, qualified nursing workforce prepared to meet diverse population health needs. Yet, significant challenges exist with regards to the coordination and availability of clinical practice experiences.

A stakeholder workgroup from [Action Now!](#) has developed five proposals to begin addressing these challenges. Wider stakeholder input and collaboration is essential to transform ideas into action.
