Conference Objectives

1. The American Geriatric Society guidelines state that when managing pain in older adults the provider must consider the risk/benefit of expected adverse events, including, constipation, fall, confusion, etc.
2. The Gerontological Advanced Practice Nurses Association (GAPNA) calls for advocating for older adult health services through health affairs policy priorities.
3. The American Geriatric Society and Choosing Wisely have partnered on a campaign to advance a national dialogue on avoiding wasteful or unnecessary medical tests, treatments and procedures.
