

CANDIDATE for DISTRICT 4 REP

My name is Courtney Riddle. I am a 2016 Adult Gerontology Primary Care NP graduate from Northwestern State University out of Shreveport. I started work in Aug of 2016 for, Provider Health Services, who places NPs in long term care facilities. I currently have two facilities where I manage resident's chronic disease processes as well as their acute exacerbations. I have a passion for our older population and love working in long term care. This is one of the most rewarding yet trying jobs I have ever had. I love being able to see the daily difference having an NP in long term care facilities has made in these resident's lives.

I have been involved with the Arkansas Nurse Practitioner Association District 4 since I was an NP student and have enjoyed watching it grow and evolve into the organization it is today. I feel like it is my responsibility to our chosen profession to do something more. I feel like running for District 4 Representative is the first step in that direction. Please allow me to have the opportunity to serve this organization as well as all of the NPs in District 4.

Please provide three statements on why you should be considered for election to the ANPA Board of Directors:

- #1 With me being a newer NP I am up to date with some of the newer technology and guidelines
- #2 I have an approachable personality which allows people to open up and confide in me
- #3 I am willing, able and looking to provide the best service to ANPA within my abilities
