

## P-TCPi Webinars Present:

Using **PreManage** to Address Overuse of the Emergency Department

**DATE:** September 27, 2018

**TIME:** 12:30 pm – 1:30 pm

**TO REGISTER:** click [here](#)

**FREE CME**

After registering, you will receive a confirmation email containing information about joining the webinar.

Right Care  
Right Time  
Right Place

PreManage can be used to focus your attention on patients who are high utilizers of the ED, and redirect them to appropriate care in your clinic. We will be sharing early results of the P-TCPi project to implement PreManage, with clinic accounts of their efforts to encourage the right care at the right time in the right place.

**In this webinar, we will share key strategies to reduce ED use among your patient population using PreManage as a tool to identify and reach out to patients who overuse the ED.**
