

Caring for Adults with Autism Spectrum Disorder in Outpatient Practice

An educational offering by

Sarah Sakala, BSN, RN

DNP student at the University of Central Florida College of Nursing

By invitation:

- All members of the Central Florida Advanced Nursing Practice Council (CFANPC) are invited

Presentation:

- 40-minute PowerPoint presentation with discourse followed by an audience-directed open question and answer period

Study objectives (optional participation in pre-test and post-test surveys):

- Identify signs and symptoms for diagnosing autism spectrum disorder (ASD) in adults in outpatient settings
- Become aware about myths, stigma, and health disparities in adults with ASD
- List evidence-based strategies for health promotion and screening for health-related comorbidities in adults with ASD
- Apply evidence-based chronic disease management strategies in treating adults with ASD
- Become informed about local, state, and electronic resources focusing on ASD

Date:

- February 20, 2019, 6pm (check-in)
Business meeting 6:30-7pm
Presentation 7pm

Location:

- Orlando Regional Medical Center, North Tower, Meeting Rooms 1-4
52 West Underwood Street
Orlando, FL 32806

Details:

- No cost
- Dinner catering will be provided by ORMC, which is not a form of compensation for the study and is available to all meeting attendees
