## **COURSE DESCRIPTION**

Hospital care models are transforming, and nurse practitioners and physician assistants play increasingly vital roles in the care delivery of hospitalized patients. Hospital Medicine for NPs & PAs fills your CME needs. This conference emphasizes clinical management of hospitalized patients in an interactive, case-based format with evidence-based lectures by experts in treatment pathways from admission to discharge.

## **TARGET AUDIENCE**

This course is designed for internists, hospitalists, nurse practitioners, physician assistants, advanced practice nurses, registered nurses and allied health from novice to experienced.

## **LEARNING OBJECTIVES**

Upon conclusion of this program, participants should be able to:

- Identify current evidence based practice recommendations in specialties such as cardiology, infectious disease, nephrology, gastroenterology, and hospital medicine.
- Describe when and how to initiate appropriate and timely consultation with specialty services.
- Describe and discuss practice updates for patients with sepsis to decrease in-hospital mortality, length of stay, and improve patient outcomes.
- Describe and discuss how to effectively assess and treat patients carrying an oncologic diagnosis. Understand new chemotherapy/immunotherapy regimens used in cancer care.

## **LODGING & ACCOMMODATIONS**

Reserve your room at the Hilton Garden Inn (\$189 single/double) and the Hilton Rochester/Mayo Clinic area (\$274 single/double) before April 20, 2020, in order to receive a discounted rate (limited number available). Please identify yourself as a participant of the Mayo Clinic NPPA course when making your reservation.
